Report No. 314

5 May 1970

FRANCO enters the office. They mention the incident that happened last night at [ ] airport when the plane arrived. A woman (Spanish) raised her umbrella and threatened HORACIO, while a [ ] kept hitting him. FRANCO says that he hit five or six of the attackers real hard, and that he thinks he really hurt one of them quite badly around the face and head. Everyone was covered with blood.

A woman and a man come into the office and talk about the incident (above) also. Then the girl says that she has come to [ ] to take a course in [ ]. It seems that the course is connected with UNESCO. She will later go to the University [ ] and on to [ ] to take a course there. She says she is a member of the Party, and wants to know how she is going to maintain her contact here [ ] says that they too are members, but that due to the difficulty of public relations that it is a month and a half since they have had a group meeting. He says that the work that they are doing makes it difficult to carry on the Party life, but that nevertheless it is necessary to have group meetings to discuss the members. She says that she would like to live [ ] in a student residence, and commute [ ] by car, or bus every day. [ ] says that in this way it would be more economical for her and she would have more contact with the other students. She says that she would like to be in some [ ] college to get acquainted with the students there. [ ] says she could be very useful to them with her student connections, and that without interfering with her studies she can also be helping [ ]. He highly recommends that she get every thing she can, culturally, during her stay in [ ]. He says that for very much she has read about museums and historical and artistic places it is quite different seeing them.

[ ] asks her to leave her address at the embassy so that the President of the Women's Federation of the Party can take advantage of her being of use to them in one way or another. [ ] tells her that anything that might happen to her to come to the embassy and let them know about it. He says there is the danger that they will spy on her or follow her and that there is the possibility of enemies getting close to her. He says that everyone makes mistakes and that if she does to let them know at once so that they can prevent the consequence, and give her good advice.

He has been out of the office for a long time. At about 2:30 pm he comes in with BARREDA and another person. [ ] says that he has to write to the Deputy Secretary (of Foreign Relations-?) about the incident at [ ]. He is going to point out the permissiveness of the police. He is going to point out that the officials of the embassy were provoked by the others

1. SAMKO CONTACTED MID-DAY 20 MAY. HE HAS SHOTS, NEW PASSPORT, AND READY TO TRAVEL. PACHANKIS MENTIONED TENTATIVE DATE OF 29 MAY VIA [ ]

2. WHEN QUESTIONED ON MUTUAL FRIEND WHO COULD HAVE TOLD HIM OF AMAUTO-1 POSITION IN SPAIN, SAMKO SAID HE TALKED TO "JULIAS" FROM OLD DAYS ABOUT ONE YEAR AGO. "JULIAS" WORKED IN GROCERY STORE WITH AMAUTO-1 AND CURRENTLY RESIDES IN MIAMI [ ] AREA. SAMKO CANNOT FURTHER IDENTIFY. APPEARS WE CAN INVOKE "JULIAS" AS COVER STORY FOR CONTACT, RATHER THAN PURSUE [ ] LEAD.

1. REFS B THRU D APPEAR TO BE CONTRADICTORY.

PLEASE ADVISE.

2. IN ANY EVENT, SAMKO HAS ALREADY BEEN BRIEFED ALONG LINES OF DIRECTOR 033355. DO NOT BELIEVE BRIEFING ON COMPLICATED SENARIO WOULD BE PRODUCTIVE, AS SAMKO IS SIMPLE MAN, HAS SOMEWHAT VOLATILE PERSONALITY, AND NOT TRAINED INTEL OPERATIVE. HE IS IN EFFECT DOING FAVOR FOR HIS GOVERNMENT AND IS NOT A RECRUITED ASSET WHO HAS BEEN TRAINED TO FOLLOW DIRECTIONS. IN ADDITION,

HE APPEARS TO BE RATHER NAIVE AS FAR AS INTEL OPS ARE CONCERNED. (AS EXAMPLE, WHEN SAMKO APPLIED FOR PASSPORT, EXPECTED RED CARPET TREATMENT. DESCRIBED PASSPORT OFFICIAL AS "MISERABLE SOB" WHO GAVE EVERYONE HARD TIME.

CHRONOLOGICAL ORDER (NOT NUMERICAL ORDER) OF OTHER REFS WAS D, A, B, AND C. THAT IS, REF D, WRITTEN FIRST, TOOK BASIC POSITION THAT   NOT TO BE CONSIDERED FOR APPROACH WHEN WE HAD SANKO FOR THAT PURPOSE. THIS POSITION OBTAINS. 1. WE BELIEVE THAT CHANCE ENCOUNTER WITH AMAUTO-1 ALONE TOO DIFFICULT TO ARRANGE SINCE AMAUTO-1 IS FREQUENTLY IN COMPANY SOMEONE FROM HIS STAFF OR HAVING LUNCH WITH SPANISH OFFICIALS OR BUSINESSMEN. MOREOVER, ENCOUNTER UNDER THIS SITUATION, WE FEEL, WOULD NOT PERMIT RELAXED EXCHANGE BETWEEN SAMKO AND AMAUTO-1. WE WOULD LIKE TO SUGGEST FOLLOWING ALTERNATIVE:

A. ON ARRIVAL SPAIN VIA AERONAVES DE MEXICO FLIGHT 450 LEAVING MIAMI FRIDAY SAMKO WOULD GO DIRECTLY TO HOTEL OF STATION SELECTION. STATION OFFICER WILL ALSO OCCUPY HOTEL IN ALIAS AND INITIAL CONTACT WITH SAMKO WILL BE MADE IN HOTEL. (INCIDENTALLY, BELIEVE NO NEED PACHANKIS ACCOMPANY SAMKO TO MADRID.)

B. EARLY SUNDAY AFTERNOON SAMKO WOULD GO DIRECTLY TO AMAUTO-1'S PRIVATE RESIDENCE. HIS EXCUSE WILL BE THAT HE WOULD HAVE GONE TO EMBASSY BUT WAS CERTAIN THAT

1. IN MEETING WITH SAMKO ON 14 MAY, PACHANKIS MENTIONED POSSIBLE TRIP TO MADRID AS TOURIST TO HOLD "CHANCE MEETING WITH AMAUTO/1. SAMKO VERY ENTHUSED, FLATTERED HIS GOVERNMENT NEEDED HIM, AND IN POSITIVE FRAME OF MIND FOR OPERATION. NO FINANCIAL COMMITMENTS MADE (EXPECT WE WOULD PAY EXPENSES ON TRIP) AND HE APPEARS TO BE MOTIVATED TO HELP COUNTRY AND OLD FRIEND. AT OUR REQUEST, SAMKO HAS APPLIED FOR NEW PASSPORT. INCIDENTALLY, HIS WIFE PASSED AWAY ON 6 NOVEMBER 1969.

2. WE ARE NOW IN POSITION TO DISPATCH SAMKO. PLS ADVISE WHEN HE IS NEEDED ON AMAUTO/1 APPROACH.

2. APPROACH BY SAMKO WOULD ALMOST CERTAINLY NOT LEAD TO RECRUITMENT, BUT WOULD OFFER PERSONAL READING OF AMAUTO-1 BASED ON WHAT APPEARS TO BE WARM ENTREE PROVIDED BY FONDLY-REMEMBERED PAST ASSOCIATION. | <p>1. The following information about Subject's trip to Spain and her activities while here was obtained from CUTINID and QUDOZE.</p> <p>2. Subject arrived in Madrid on 10 February 1970. She traveled to Barcelona during the week of 23 February and returned to Madrid 6 March whereupon she then left for Portugal. She returned to Madrid on 17 March and waited for Guillermo R U I Z Perez' return from the Spanish/Cuban Commercial negotiations in Cuba. Sonia departed Madrid for Cuba on 27 March 1970. It appears that she intended to travel to Vienna, Austria next, since several cables were sent to Vienna from Madrid advising Sonia's travel status. During her stay in Spain, Sonia was in frequent contact with one Jose Agustin G O Y T I S O L O , Spanish writer in Barcelona, telephone 228-4063 (Station traces are OSBA 02385, 17 February 1965; OSBA 02718, 11 August 1967; and OSBA 02795, 1 March 1968). She was not known to have been in contact with any other locals and what little time she had for diversion she spent with the mission officers and their wives.</p> <p>Distribution:<br/>2 - C/WHHD<br/>2 - C/EUR<br/>2 - COS, WH/Miami</p> <p style="text-align: right;">....continued</p> |   |                                       |  |

3. The purpose of Sonia's trip to Madrid was to discuss the 1970 work plan for the Embassy with the Charge, Guillermo RUIZ Perez. She also talked with the various Embassy officials, most probably to familiarize herself with their duties and to see if they had any problems. She pitched in and helped with the backlogged work of Orestes BARRERA and Horacio FUENTES and also helped with the cultural activities. For instance, she sent two cables to MINREX - one regarding the forwarding of movie posters for a March exhibit and another regarding the forwarding of a Cuban stamp exhibition by end March.

4. In their discussion of the 1970 work plan Sonia told RUIZ that they were going to plan the February, March, and April quarter. She showed him "an agenda for the control of planned and unplanned activities" and the general directives of the plan which included scientific information and political information, with specific directives (requirements) for Spain. RUIZ has to prepare for Havana a monthly report, then a quarterly summary, of the activities accomplished. Based on these reports the activities of the following quarter will be planned.

a. In line with the plan of scientific information, Sonia and RUIZ discussed the pros and cons of a Comite Cientifico-Tecnico which is to be set up in Madrid. RUIZ was of the opinion that the local (Spanish) Communist Party would try to infiltrate it and this would bring problems to the Embassy. Sonia pointed out the successes encountered in Switzerland and Sweden with such a committee even though at first there were problems which were later overcome.

b. Sonia showed RUIZ a commercial project which she planned to take to Portugal and asked him to read it because it was also of interest to the Cuban mission in Spain.

c. Sonia mentioned that the Plan of Information was still to be completed especially in the priority categories of livestock and economy.

d. They turned next to the topic of the budget. Sonia said that the budget for each mission had to be submitted before the end of April (every year) and no additional expenditures could be submitted for approval during the course of the year. Spain, Canada, and France, however, would be treated individually. Their special needs, such as acquisition of more office space, raises in cost of living allowances, etc., would be taken into consideration at any time.

5. During their various discussions RUIZ aired his complaint about the Visa Department in Havana saying that the department was practically worthless and that last year 76 cables regarding visas remained unanswered. Sonia defended the Ministry saying that it had a lot of work to do, but RUIZ replied that they wanted to work only 8 hours a day. They also discussed the scholarship situation. It seems that during an interview between P R I E T O (Probably Jose P R I E T O Benitez, Director of Foreign Relations of the DAP) and the Minister of Public Works, PRIETO was asked to provide a list of scholarship candidates to be considered and he had none. Sonia mentioned that in Belgium they also lost four scholarships because of this same reason.

6. According to QUTINID Sonia G O M E Z Aragon is married to one Miguel (LNU) and has a daughter named Iliana. Sonia's mother is still living although appeared to be very ill at the time Sonia left for her trip to Madrid because Sonia cabled at least twice to Havana inquiring about the status of her mother's health. (TYLOTE reported that Sonia's home phone number in Havana is 7-4263.) Perhaps Headquarters can determine the full name of her husband by checking the reverse telephone listings. Sonia is attractive, intelligent, serious-minded and reserved. The last time she visited Spain she stayed with Vera B O R O D O W S K I and was on the same type of mission as the present one - to discuss the Madrid Embassy's work plan. She also visited the Barcelona Consulate and the Cuban Embassy in Lisbon.

Orestes Guillermo RUIZ Perez (201-735296) *file*

Since Headquarters has recently prepared an extensive analysis on RUIS for the information of addressees, an additional review has been omitted. However, the attached biographic study should be useful.

30 April 1970

**NAME:** Orestes Guillermo RUIZ Perez (201-735296)  
(NOTE: A comprehensive study/analysis on RUIZ was prepared in February 1970, see [redacted])

**ALIAS:** Also uses Guillermo RUIZ Perez

**DPOB:** [redacted]

**PRESENT POSITION:** Minister, Charge d'Affaires, Cuban Embassy, Madrid, since December 1967.

**WIFE:** [redacted]

**CHILDREN:** Five sons, and a sixth child due to be born April/May 1970. [redacted] the oldest, in school in Cuba. [redacted] and [redacted] with their parents in Madrid.

**PHYSICAL DESCRIPTION:**

White, variously described as 5'5" - 5'7" tall, and 170-190 pounds, stout build; round face, fair complexion, blond slightly wavy hair, light-colored eyes (also reported as blue and green), wears glasses. No visible identifying marks. Well dressed.

**PERSONALITY:**

Perhaps a relative's description of RUIZ sums up his personality - "a man of many moods." He has variously been described as intelligent, mentally alert, competent, hardworking, and respected by his subordinates. Pleasant, easy going, nervous, quick-tempered, brusque but sincere, opinionated, strong-minded idealistic, self-confident. Has basic emotional instability, gives impression of being insecure in his position. At times sarcastic, indifferent, egotistical, cynical, serious, ungrateful and cold, who, paradoxically, appears friendly to some people. Outspoken, compulsive talker, articulate, limited vocabulary, swears a good deal.

SECRET

SECRET

Orestes Guillermo RUIZ Perez

He can turn on considerable charm, where motivated. In contrast to his pleasant public image and acceptable language, private conversation is vulgar. swears continually and flies into rages.

Likes good living and spends money where it shows. Avid reader, keeps abreast of world events, shows willingness to accept whatever he deems to be good or useful from the outside world. Concerned with the image and prestige of Cuba in Spain. Emotionally committed to an ideal. An AMEDIT study summed RUIZ up as a realist. He speaks English and French. His wife, a teacher, always worked before going to Spain, and there works as a secretary and bookkeeper at the Embassy on an informal basis. Appears intelligent, competent, outspoken but solicitous and affectionate with her husband; interested in, and encourages him in his work. Appears to support the regime, but not a fanatic. RUIZ is the dominant personality of the two.

**EDUCATION:**

One reference states that he went to work at age 14, which suggests lack of formal education. In 1960 as an employee of the Ministry of the Treasury, selected to attend a statistics course offered by CEPAL, which lasted two years.

One relative reported he completed elementary education at "Hermanos Maristas" school in Havana; did not know whether he attended high school, but said in early days of the Castro regime attended the University of

Havana.

Another relative said his primary and secondary education was received in private institutions, and that he has a degree in "political economics" from the University of Havana.

He is well versed in world affairs and has an understanding of international trade.

**PREVIOUS POSITIONS:**

Vice Minister, MINCEX, 1964-1967.

Commercial Counselor, Cuban Embassy, Mexico City. Although he was accredited to that position in December 1963, travel indicates he was in Mexico from August 1963 to May 1964. Other references indicate he was in that position in September 1963.

Ministry of the Treasury. In April 1962 he was Chief of the Department of Construction Expenses Studies, Office of Financial Statistics of that ministry. He was with the ministry as early as 1960, when he was selected to attend the statistics course.

During the Batista regime he was in exile. Came to the U.S. sometime in the 1950's and apparently remained for some time before he left in February 1957, when, according to some reports, he entered Cuba clandestinely. Also reported to have been in exile in Mexico.

LNYUMA records show he came to U.S. on 8 November 1956 to see his brother, left 17 November for the Dominican Republic where he received five months military training. Returned to the

Orestes Guillermo RUIZ Perez

U.S. 5 April 1957, overstayed his time, and on 11 February 1958 was ordered deported; claimed he would be killed if he returned to Cuba and did not show for deportation. Subsequent investigation showed he was in Cuba as of 2 March.

**POLITICAL  
ATTITUDE:**

A member of the Cuban Communist Party, admitted on the recommendation of Armando HART Davalos, Secretary of Organization. Although he has been described as a militant Communist, a convinced supporter of the Castro regime and a fanatic Fidelista, there is evidence to dispute this image. An analysis of available information indicates that he is not a convinced Marxist, he cannot accept Party discipline, and that his character is basically incompatible with the system he serves.

His father is reported to be an old-guard Communist and a leader of the barber's union. A brother reported to be a member of DSE in 1946.

He expressed dissatisfaction with his position as a diplomat, feels his talents are wasted and would like a position in commerce or industry, where he considers he could better serve the revolution. Has criticized the bureaucracy and inefficiency in the government in Havana.

He has said that many Cuban diplomats want to stay out of Cuba, but it seemed to him that the Cuban government wanted to keep him (RUIZ) out of the way (i.e., outside Cuba). That LEON had appointed him, supported him, and they are good friends, but that he (RUIZ) does not like to work with a man who one does not get to know, nor to know what he is thinking. He said he felt as if he were in Miami.

MISCELLANEOUS:

Although RUIZ' health has been described as generally good, he suffers from a back ailment which resulted from a fall in 1955 and which has been diagnosed as incurable. Also he suffers from a liver ailment for which he takes medicine.

RUIZ is scheduled to return to Cuba in mid-1970, where he expects to be with MININT, rather than MINREX or MINCEX.

21 April 1970

SUBJECT: Interview with Alexander SANKO.

1. SANKO was contacted by phone [redacted] on the morning of 21 April, and he agreed to meet with [redacted] later the same morning at his home: [redacted]

2. SANKO accepted my credentials without any reservations. [redacted]

3. After speaking with him for over half an hour, SANKO does not appear to know Orestes Guillermo RUIZ Perez. SANKO answered my questions in a straightforward manner and I have no reason to doubt his testimony. Specifically, these are the facts as SANKO related them:

- A. The name Orestes Guillermo RUIZ Perez (it was typewritten on a 3 x 5 card) means nothing to him. His business associate—who has worked with him for many years and especially during the 1950s—does not recall the name.
- B. SANKO acknowledges that from c. mid 1958 till c. the end of 1959, he owned the "Fruit Center"—a grocery, meat market, and fruit store—on 160 SW 17th Avenue, Miami (one block from Flagler Street). He does not recall that anyone in his employ answered to the name of Orestes Guillermo RUIZ Perez, or any combination of these names. He never had anything but an impersonal employer/employee relationship with his personnel.
- C. The last time he had been [redacted] was in c. 1948, "when I went down [redacted]". He denied several times that he had been [redacted].
- D. SANKO had bought the "Fruit Center" from a Mr. PHU WOODS, who also owned the property in the vicinity of 160 SW 17th Avenue. SANKO dismissed the personnel [redacted] had in the store when he bought. He does not know the whereabouts of [redacted] at this time, but presumes he still owns the property.

4. Naturally, SANKO was curious to know why we were after RUIZ. To satisfy his curiosity and perhaps elicit some admission, in the event he was playing games with me, I disclosed these bits of information:

H/W [redacted]

21-054

-APK

- 00000
- A. RUIZ had been exiled in the US -from Cuba- in the 1950s. (He was in his mid 20s at the time).
  - B. We had information that RUIZ had worked for SAMKO in his store as a butcher in the 1950s and that they had established a close personal friendship apart from the normal business relationship.
  - C. When Castro took power in Cuba (c. 1959), RUIZ had returned to Cuba and there are reports that SAMKO had visited RUIZ in Cuba in 1959. And, further, that SAMKO had offered RUIZ a partnership in his store if RUIZ returned to the US.
  - D. RUIZ was now the Cuban Minister to Spain and the GCUS was interested in talking to his old friends to see what kind of a person RUIZ was. We had reason to believe that SAMKO was an old friend of RUIZ'.
  5. SAMKO listened intently. He seemed confused by all these reports. He denied the allegations firmly, but without betraying any sign of nervousness or doubletalk (as when one is telling less than the truth.)
  6. SAMKO asked if we had a photo of RUIZ. He said he knew of no other SAMKO in the Miami area, such as a brother, uncle, etc. He did not appear to be bothered or inconvenienced by the allegations, so if he was not telling the truth, he did a wonderful job of it. The only thing he could suggest was to locate [redacted] -the owner before him of the "Fruit Center"- to see if he had RUIZ as an employee.
  7. In view of SAMKO's statements of denial, there was nothing more to do than to thank him for his cooperation and say good morning.

Henry. S. PACHANKIS.

1. In a conversation held in his office on 3 December 1969 AMAUTO-1 said that in 1957 he worked in the United States as a butcher for one Alexander SAMKO, a Polish-Italian. He said that SAMKO visited PBRUMEN after 1 January 1959 and invited AMAUTO-1 to return to the States to continue his job as a butcher. SAMKO is not further identified in the report.

1. On 16 April 1970 [redacted] had lunch with Subject and [redacted] who are partners in [redacted]. The following is [redacted] report of that meeting:

A. Subject, and [redacted] have joined with another lawyer, [redacted], to explore joint venture possibilities. Subject and [redacted] are law partners with offices in [redacted]. An assessment of Subject based on such a short conversation would not normally be of much assistance but since Subject opened up on his thoughts about [redacted] a general recommendation can be reached.

Eventually, we touched on [redacted] and [redacted] said that Subject considers himself to be an expert in this area as he visited [redacted] last year and had a private three-hour interview with [redacted]. was not brought out. It seemed to me that Subject is riding an emotional high for [redacted]. His face lit up and he became relatively excited when telling us how [redacted] talks with the "common people," and is from [redacted] parents, and has done so much for the country. I asked him what his general impression was of life there and he replied "phenomenal," and I believe he meant it.

C. Some comments that Subject made would appear to be inspired by [redacted] propaganda or a briefing. He said that JKLANCE is in control of U.S. internal security and is forcing a rightist swing in its internal politics. Also, all people going [redacted] are photographed by JKLANCE people, while if you go from [redacted] you don't run this risk.

D. "I asked him if there was good potential for [redacted] companies doing business with [redacted]. He replied that [redacted] is a bridge [redacted]. This seemed a strange answer, and I pointed out that you didn't have to go to [redacted] to get to [redacted]. He said, "that's true, but other countries will change to the [redacted] system and will need technicians to assist them. Then we (I guess he meant [redacted] business men doing business with [redacted]) will have excellent possibilities.

E. "Subject said that he knew [redacted] and in fact visited him this morning and received a large box of Havana cigars from him.

F. "Subject is about 30 years old, good looking and makes an excellent first impression. He appears to have a good business background in addition to being a trained lawyer. He seems aggressive, determined and has a good imagination for business ventures.

G. "It would be premature to say that Subject leans toward Communism or has been had [redacted]. I doubt that he would have talked so freely about his admiration for [redacted] if he is working covertly for them. It is quite certain that he is being used by the [redacted] for commercial purposes, and I would estimate that he would make an excellent "front man" for [redacted] business ventures.

H. "I would recommend against trying to recruit Subject as a means of getting to the [redacted]. He would probably turn down the pitch and inform the [redacted] Embassy."

2. The above report is an excellent beginning in our assessment of Subject and [redacted] must be commended for his adeptness at steering the conversation toward the relevant areas of interest. We think the report stands alone and requires little commentary by the Station; however, we might add here that there is a strong probability that Subject was indeed snowed under by the impact of his alleged three-hour talk [redacted].

[redacted] Notwithstanding [redacted] fine report we feel that Subject is still wallowing in the ebullience of this confrontation with [redacted]. His short relationship with the [redacted] and one visit [redacted] would hardly make him an authority [redacted].

3. If you agree we would like to try another attempt to get an assessment of Subject. For days we have been trying to devise a cover story for a Station officer to use in an approach to Subject. We have one and would like your comments, suggestions and ideas. A Station officer, preferably in disguise and using an alias, would approach Subject as a free lance writer for "World News" (a suggestion made by UCAMERA-1) because there are so many stringers for "World News" that it would be virtually impossible to confirm) with the intention that he is writing an article on [redacted] lawyers in business with the theme that a degree in law offers greater opportunities for advancement in business and government. (The theme actually is taken from an article in Fortune or Business Week magazine read by the undersigned some years ago). The theme was tested on UCAMERA-1 and he agrees that it is a good one and would work because of the general nature of [redacted] businessmen to like to talk about themselves. What is involved, however, is a considerable amount of homework, particularly in the collection of names of lawyers in business who have been successful. UCAMERA-1 is preparing a list of such people and we will review them together. The undersigned subsequently will ask for Dun and Bradstreet reports on the firms these lawyers represent as well as review the firms' financial history in our reference aids located in the [redacted] commercial library.

4. The theme opens the door to a number of provoking questions, but it particularly offers a good opportunity to assess the personality of the target. Perhaps the opportunity will again come when Subject discusses his relationship and knowledge [redacted] at which time an interesting exchange might ensue possibly provoking Subject to reveal his true relationship with the [redacted] and/or his affection for the [redacted] system. No pitch would be made and, if after this assessment, the officer arrives at [redacted] conclusion, the Station would recommend against using Subject as an intermediary to AMAUTO-1. Advise.

7. The Station has not focused on a possible intermediary to an eventual approach to AMBRO-2. Of all the operations currently active or planned, we believe this operation will be the most demanding on the Station. (See CSMA 20001, 18 March 1970.)

8. We have now pinpointed the home address of the mistress of Subject of 201-115083 and it is now a question of watching her movements. A lack of surveillance capability has placed a burden on Station personnel, but it is expected that a pitch will be made before the end of April, preferably by [ ] prior to his departure.

9. A dispatch was prepared and forwarded asking for Headquarters permission to use AMBRO-1 to make a recruitment pitch to Subject of 201-81719. AMBRO-1 and Subject are [ ] and based on his assessment there might be a good chance to gain Subject's cooperation. (See CSMA 20005, 1 April 1970.)

10. Headquarters approval was received to mount operation ANCACTUS. QUEEN-37 will arrange all the details with ANCACTUS-1 and ANCACTUS-2. In an effort to make operation ANCACTUS as broad and flexible as operationally possible, the Station has commented on the use of the ANCACTUS devices in parallel operations. (See CSMA 20105, 6 April 1970.)

11. The FRENCH Government has approved the construction of a new official installation [ ] which is expected to be completed within one year. The Station is actively pursuing this matter with the intention to install various audio devices in the new building. There will be a number of barriers to overcome since the FRENCH appear to want the building constructed by their own team of workers. The Station expects to work closely with QUEEN-37 in this operation. (See CSMA 20040, 18 March 1970 and DIRECTOR 001011, 1 April 1970.)

1. Guillermo Ruiz Ferez, a close relative, is the Cuban Ambassador to Spain (collateral information dated 12 Jun 68 indicates that a Guillermo Ruiz Ferez was the Acting Chargé d'Affaires in Spain). Ruiz has been a Communist since before the days of Castro's regime. I think that he was a member of the old P.S.F. Just prior to 1959 Ruiz was operating clandestinely in the Dominican Republic trying to create an overthrow of Trujillo's regime. For this Trujillo reportedly wanted him dead, but Ruiz escaped and returned to Cuba. Castro appointed Ruiz Minister of Foreign Relations sometime during 1959. Ruiz filled this post until 1963 or 1964 at which time he was appointed Ambassador to Spain, a post that he still holds.
2. Ruiz is a well-educated individual with a degree in political economics from the University of Havana. All his prior secondary, and primary education was conducted in private institutions. Ruiz is a man of many moods. At times he is, sarcastic, indifferent, egotistical, cynical, serious, ungrateful, and cold. Paradoxically, he appears friendly to some people. Regardless, he is a very intelligent and outgoing person.
3. At present he is living at the Cuban Embassy in Madrid, Spain, with his wife and four children. I do not think that he has returned to Cuba since his last trip home in early 1968. He has a brother, Osvaldo Ruiz Ferez, who has asked to leave Cuba via Spain and is presently working in the cane fields.
4. Physical description of Guillermo Ruiz: Caucasian, age 40, 5'6", 175 lbs, green eyes, thick blond hair, wears glasses, and is always impeccably dressed.

Would appreciate your comments  
in turn. His return for an

Notes

1. Now that AMATC-1 is scheduled to go back to Cuba in mid-year, it is a bit late to begin the recruitment of an intermediary. We have information that he intends to go back to MININT rather than MINREX or even MINCEX, which makes the likelihood of his coming out again somewhat slimmer to say the least. I'm afraid that, although we have time only for a reasoned quick approach, this type of approach might lose him to us for good.

2. This causing him to become suspicious is not quite what we had in mind when we wrote ref B. So made, I think, a rather strong case for laying cards on the table with AMATC-1, and a slow development by a senior staff officer seemed to emerge from the possibilities. We even suggested how it might be done (through the gymnasium). That might be impossible, but the validity of the approach should deserve a comment.

3. An intermediary would be an access agent, so certainly he should be responsive. I can't consider this point to have any additional bearing on the matter. Of course it will be difficult, and I'm glad they're prepared to work on it.

4. I'd like to have had a chance to review the [redacted] on [redacted] has gone forward. CORRECTION: we have it.

5. A joint operation (in some ways) is the easy way out. We simply did not get started in time.

6. I disagree, because the question of commitments is somewhat premature, but I'd be willing to push for 750-1,000 a month while working in place, with a bonus when he does come out. For defection outright, which is a poor second, he might even be worth work to resettle him here. LEGA 19006 reported a 1964 attempt to get at Mrs. AMATC-1's relatives in Miami, and they might still be there. Perhaps they would sponsor. Everything, but everything depends on initial approaches and debriefings.

7. There are a lot of unanswered questions, posed in the outgoing, and I'd have appreciated a word about them: we have answered this one, we are working in that manner on that one, etc.

a. The construction work on the new Embassy. There is a separate dispatch on this so all is on wheels.

b. The lonely automobile trips deserves looking into. No comment in the incoming.

etc.

In any case, they're on it, so I want to encourage as much as possible.

*Pls take back (DV-3) when you've had a chance to comment*

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and faint, illegible markings, possibly from the reverse side or due to age. The left edge of the page shows the binding structure, including stitching or stitching holes. The overall tone is warm and slightly yellowed, characteristic of old paper.

| <p>References: A. OSMW 11585</p> <p>B. OSMW 11726</p> <p>1. There is little we can contribute to the exceptionally fine reports submitted by Headquarters on AMAUTO-1. His character, personality, physical and mental capabilities, and to some extent even his vulnerabilities, are succinctly outlined in your reports. In addition, you have appropriately recognized the Herculean task we have, to overcome his strong-mindedness and idealistic character.</p> <p>2. After a series of discussions among the officers involved with PBRUMEN operations at the Station, we have concluded that to execute a logically developed "traditional" recruitment, we are faced with the challenge to recruit a person, an intermediary, in whom AMAUTO-1 has confidence and respect; an individual who is able to plausibly carry on a polemic argument with AMAUTO-1 without either antagonizing him or causing him to become suspicious of the intermediary's true role. Moreover, the intermediary must be intelligent to be able to respond in an appropriate way to our instructions, as well as show a genuine willingness to cooperate. Frankly, we have no such person, currently on our list of assets and to find someone with the attributes set forth in Reference A, will be difficult to say the least, but we are prepared to work diligently on this problem.</p> <p>Attachments:</p> <p>A. 3. AMAUTO-1 confides in few people. From our reading of QUTINID and QUDOZE, there are at least three persons who could logically and effectively fill the role as an intermediary. They are Identities A, B, and C. We can categorically eliminate Identity A for obvious reasons, i.e., lack of direct access to him. Because of his relationship to Identity D, we can also tentatively eliminate Identity B. He presents a risk which we are not certain should be taken; however, we would like to add a comment on him in a later paragraph. Identity C would seem to be the most logical choice. He is intelligent, a professional man, well-to-do, young and one with whom AMAUTO-1 frequently talks and whom he often sees. We know little about his political proclivities although he gives the impression of being a moderate analyst of world events and doesn't seem to have a strong affection or aversion for the PBRUMEN Government. We have a good background on him prepared for us by Dun and Bradstreet; however, as you can well imagine, the report concentrates on the economic side of the individual. We have made a number of attempts here in the [ ] to determine whether he has any American contacts, but with negative results. His visa file does not show where he visited in the United States or the purpose, except that it was a business trip. He has an indefinite visa and we are fairly certain that, if necessary, we could use the question of his visa as an entree to him. We are currently reviewing with all Station assets their knowledge of Identity C. In addition, we are also considering assets such as QUCASH-1 and QUSPOT-1, who could, under some legitimate business pretext, contact Identity C. Our objective is to develop a warm entree to Identity C without compromising any of our agents, but we are in need of an assessment of Identity C by either a Station Officer or an asset working under an officer's instructions. We will keep you advised of our progress. We are forwarding PRQ Part I under separate cover. A POA on Identity C was requested separately. There are no derogatory Station traces.

4. Identity B would be an excellent choice if not for his relationship with Identity D. This avenue might be explored with QUSEQUIN-48 if Headquarters is agreeable to a joint operation. QUSEQUIN-48 could probably get the necessary clearances from Identity D directly, or from one of Identity D's aides, to contact Identity B. We will not pursue this until we receive your comments.

5. It is not too early to consider the emoluments we might want to offer to AMAUTO-1 at the time a pitch is made. As always they should be divided into two areas - for defection and for recruitment and work in place.

1. The PBRUMEN government has approved the construction of a new office building to be used as an Embassy, Commercial office and residence for the PBRUMEN Minister. The site has been identified and work is expected to begin soon, probably after the return of AMAUTO-1 from PBRUMEN, sometime within the next two weeks. The builders expect to complete the building within eight months.

2. QUSEQUIN-37 is far more confident than we are, about the possibility of getting access to the building during the construction phase to possibly install various audio devices. We believe this operation to be a formidable one and we might be challenged by the presence [ ] of PBRUMEN security forces overseeing the construction, the presence of PBRUMEN electricians and other professions, complicating the access to the building. We believe AMAUTO-1 has the [ ] experience well in mind and most likely will do everything within his power to overcome the possibility of an audio penetration of his building.

3. We would be grateful for any information addressees might have on the general modus operandi of PBRUMEN security forces in areas where PBRUMEN official installations have been constructed. Have they used PBRUMEN technicians, electricians, construction engineers, etc? Also we would like to know whether the PBRUMENS have installed their own telephone system or have they generally relied on the system of the host country. We would appreciate too, any comments Headquarters or other addressees would like to make on the best course of action for the Station to consider. QUSEQUIN-37 believes he can get a copy of the blueprints after the plan

1. According to QUTIMID on 26 February, [redacted] of the [redacted] Company called AMAUTO-1 and spoke with his secretary to explain that her company is giving their book to a number of persons in order to obtain their opinions about the product and AMAUTO-1 was one of the persons on [redacted] list. AMAUTO-1's secretary said that he would call when he returned. Later, [redacted] was told that an appointment was made for 10 March.

2. This would appear to be a routine item which probably would not merit further investigation, unless we can discover someone of higher caliber in the [redacted] Company who could approach AMAUTO-1 as a means of cultivating a meaningful friendship with AMAUTO-1.

c. Visa delays. Havana is consistently late in processing visa requests for foreigners traveling to Cuba. Ruiz attributed the delays to the red tape which involves processing the requests through two ministries; The Visa Section in the Ministry of Foreign Affairs, and the Directorate of Immigration in the Ministry of Interior. Ruiz requested authorization for the consulate to send its visa requests directly to the Directorate of Immigration since this is the section that ultimately determines whether a foreigner may or may not enter Cuba.

Report No. 259 (Cont'd). 27 JAN 1970

I told her that I personally regretted it, as an individual and as Cuban, but that as a diplomat I could not do her any favor because she had left Cuba voluntarily, in flight, and that I could not render any assistance to her and least of all protect her. If I had then been able to take pictures, I could have sent them to Havana for them to see (This happened when RUIZ had first arrived here.)

RUIZ goes on to say that many people are misled when they arrive in Madrid from Cuba, or have been misled by their relatives. Parents bring their children--RUIZ says there are over 400 Cuban children in one school. One of them left [school] once and passage had to be provided for him at the airport in CUBANA and allowed him to leave because they did not want to be mixed up in that affair. The child was 14 years old and did not want to stay in Madrid in the parochial school with the monks. R says that should anything happen to him and his wife wants to stay in Madrid, he wants his children to return to Cuba and remain there until they become of age and make their own choice, but that to take children out of Cuba is a mistake.

NILDA is typing while RUIZ is out of the office. CURBELO comes in and she tells him a cable arrived granting her permission to travel to Havana, but that she will not be going because RUIZ became annoyed. She adds that RUIZ is very selfish.

NILDA and RUIZ discuss her trip. R asks her if she is going; she says 'no' because he does not want her to go. Apparently he tells her to go home that instant and get ready, after she tells him that she has no time to take out her summer clothes, etc. She declines by saying that he has already ruined everything. She goes on to say that she had not asked MELVA or anyone else for her passage, but had written to RUZ (ph) saying that she was very depressed and that she missed her son very much, and they had arranged for her passage. NILDA adds that she is not going on a pleasure trip, but to see her son and see how he is doing, which she finds only natural. She would have stayed with him for two whole days and would have talked to the School Director and found out how the child was doing. She calls R selfish and says if the trip had been for him she would not have doubted it. She wants to know why RUIZ places objections to her trip to Havana. He wants the two of them to go together, and for her to wait until their vacation, not at this time. She

contends it is because he does not want to stay by himself, as she knows him well after 16 years of living together.

other such things. This amount could be reduced if we bring our Cuban architects, who were here two years ago, and knowledgeable of their mission could discuss with the land owner and the construction firm those things they feel could be omitted and the price could be brought down considerably. We do not need a luxury building, but one that is attractive, simple and functional. Term payments could also be extended. I want to impress upon you that when we entered into negotiations we had a binding agreement.

"The lot is on Avenida La Habana. Fermín GUTIERREZ looked well into this matter. He asked me to send him the project and that he would look at it. The system of payments in Spain allows us to pay \$100,000 or \$150,000 annually which will not be difficult for us.

"NEIRA, I want you to talk to CHAIN, not bearing pressure on him, but to make him understand that what I want is to leave my successor established, for any construction , lasting over nine months I certainly will not be able to enjoy.

"Another thing I want to bring to your attention is in regard to our Consulate, its activities and relations with the Visa Section. A letter has come from VERA addressed to FRANCO pointing to FRANCO's incorrect wording of a cable to that Section. I agree that it was incorrect, but I

There is another unidentified Cuban in the office. When RUIZ is left alone with her, he says that he feels like an exile, that he has been out for two years and is tired. There are many who want to be out of Cuba, he continues, but it seems to him they want to keep him out of the way. He goes on to say that LEON had appointed him, and supported him, but although they are good friends, he does not like to work with a man whom one never knows what he is thinking, and one never gets to know. R mentions a cable he had sent and says it could have cost his assassination, and that he had purposely done so to see if he were summoned to discuss the matter in Cuba. He would have liked to discuss it there, but they have apparently remained silent. R laments he feels as if he were in Miami.

SANTAMARIA, from the Ministry of Commerce, calls in answer to R's call and to apologize for not having been able to attend the reception. R begins by saying that when Raúl LEON had left for Cuba he had sent a letter of thanks to the Minister (of Commerce) for his kind considerations and at the same time had mentioned that "before your [pl.] trip it would be most beneficial and advisable for both parties if you [pl.] could advance us a list of subjects you are interested in discussing in Havana, for it would at least give us a little time to prepare ourselves." MATOS: I don't know what you mean, miss.

NILDA: Well, because none of the comrades here is going to allow himself to be provoked. So, please do not keep on."

MATOS: Well, I don't know what you are referring to, miss, I am completely astonished."

NILDA: Well look, don't be astonished, you might end up some other way.

MATOS: I don't know what you are talking about.

NILDA: Well, we do.

NILDA hangs up.

Mrs. MATOS calls the Ambassador's secretary again; it seems there has been a misunderstanding.

NILDA: Look miss, we do not wish to talk to you anymore. We are telling you in a nice way. Please do not call anymore.

You made a date.

MATOS: What kind of a date?

NILDA: Didn't you make a date with the Charge d'Affaires?

MATOS: No, no, no. One moment, miss. I received a telephone call and was told to call this gentleman, the Cuban Ambassador. I could also tell you about another ambassador, but that they were trying to get in touch with me.

NILDA: Who are 'they'? To whom do you refer when you say that 'they' called you?

MATOS: I was called on behalf of the Ambassador of Chile and the Ambassador of Cuba. I thought it was extremely unusual, miss, because I don't know anyone here.

NILDA: Didn't you call here a few days ago?

MATOS: I called when I was advised to do so.

NILDA: And you made a date with the Ambassador.

MATOS: I don't know now what exactly did happen. I was asked to talk with him and to get in touch with him, miss.

NILDA: But, who called you, miss?

MATOS: Whoever it was said "I am the Cuban Ambassador," so then it all seems to have been a plot, or something of the sort.

NILDA: Look, if it is a plot I suggest you do not get involved because where we are concerned it is somewhat dangerous.

MATOS: No miss, I am very proper and a serious person.

NILDA: Since you are so serious and proper don't ever let anything happen to you.

MATOS: I live with a daughter and you must realize that I live only for her.

NILDA: Well, look, if you live for her, don't get mixed up in these things for they may cost you dearly.

MATOS: Very well, miss. I am deeply grateful to have been enlightened by you. I can see already that it is simply a plot or an implication by someone.

NILDA: It is a plot and we know it. And we know who is behind it.

MATOS: Yes, miss, I would also like to know, I assure you.

NILDA: Well look, stay away from this mess or you'll pay dearly... good-bye.

MATOS: Fine, miss. I am also very grateful that you have told me. My apologies, huh?

with the Minister who told him that next week they would discuss the matter of costs and that the Minister was in favor of Ruiz' idea. Ruiz asks Villaroya to wait a few days more and in the event that they receive bad news they will have a few drinks together at the Castellano to forget their sorrow. Ruiz says he is very anxious to move out of the place he is in, and asks how long it will take to construct the building. Villaroya tells him about 9 or 10 months. Ruiz says that most likely he won't be there to inaugurate the building because his tour is ending in Spain, but that he will come from wherever he is for the inauguration.

28 January 1970

Item 1.- PILOTO CALLS YOLANDA. He asks for the address of the school. She says it is Cuadalupe 16.

Item 3.- AN UNIDENTIFIED COMRADE CALLS THE HOSTAL GENEVA.

A Cuban answers. The Comrade asks to speak to [redacted]. The Cuban(F) says he is not there that he is on a trip to New York. The comrade leaves no message.

Item 4.- ARISTIDES RUIZ CALLS [redacted] IN PARIS. [redacted] (The connection is poor) Ruiz greets [redacted] (phon- he seems to be Cuban) and tells him that he (Aristides) arrived Saturday and that he is leaving on Sunday (1 February) for Cuba. He asks for [redacted] and [redacted] says that up to Monday he hadn't arrived.

Aristides asks to speak with extension 4111. They don't answer. He then asks for 4110 and an American, whose name seems to be Frank, answers. They speak lengthily in English about the installation of television in two Cuban schools. They also speak about films and the financing of the projects, mentioning the Swedes and the people of UNICEF.

Item 23.- [redacted] (It is 10:30 PM). They speak for a long time although [redacted] is a little worried and nervous. He says "--the one on guard today is one of the bad ones and besides this, he is with his wife". He tells [redacted] that as the offices are carpeted you can't hear anyone's footsteps--and he is afraid they will hear him. He remarks, "The people here have got me very nervous".

3 February 1970

Item 11.- [redacted]. This doctor has just had an operation and now that he is well again he wants to renew his connections (with [redacted]) because he has to go to Cuba to give a course in the Cuban Society for [redacted] Studies. [redacted] asks for his full name, which is [redacted].

Later, referring to the same subject [ ] says "the last new people (that have arrived?) are alcoholics ?? but if you only know, things are better at least with regard to us, peace and charity".

10 February 1970

Item 18.- The second tape begins with part of a conversation between [ ] and [ ] around dinner time. [ ] says that her mother is 55 years old and her father is 57. Her mother she says has had six children. [ ] mentions the difference in age between him and [ ]; he says 12 years is a lot. [ ] says he continues to lose weight.

11 February 1970

Item 3.- [ ] CALLS NILDA.- She says that the place where she bought the radio is called BARROSO and it is at Lavapiés 45. Nilda talks to Alicia. She says that she had a very nice time (in Havana), but that the weather was very bad; it rained a lot and it was cold. Nilda was with (in Havana) Alicia's children. She says that they got very good marks in their studies and the little one can read and they are very happy. Nilda also spoke with Alicia's mother-in-law. She is suffering from la presión (high or low blood pressure) and she has not been able to get the necessary medicine. Then Nilda speaks of her own son. She says he is very tall and thin and that he is working in tobacco. She says he is in Guane(phon), and as she couldn't make the trip as it was two and a half hours long, they sent the boy to her house and she was with him for a few days. She says the boy is very happy, he is a serious type and causes no problems. Apparently Nilda's mother is ill, according to her remarks. Alicia says it is better that Nilda's boy is in Cuba, because there he will become a man and solve his own problems.

Item 8.- VILLARROYA, OF CONSTRUCCIONES AZAGRA CALLS RUIZ. He asks Ruiz about the project. Ruiz says that the news is good in the sense that it has been accepted in principle, and he believes everything is going along fine. But, they will have to wait. Ruiz thinks they will have a definite answer in about two weeks. He adds that they have great interest in this matter and also he would like to know definitely.

Item 20.- Someone REMARKS that [ ] "is seldom (in the embassy) in the afternoons".

Guillermo RUIZ Pérez

DOB : Late January or early February 1930.  
POST: Minister Plenipotentiary, accredited  
since 12 December 1967.  
ADDRESS: Juan de Mena #8, Madrid.  
TELEPHONES: 259-5956 (home), 221-7028 (office).

DOI : March 1970.

WIFE: Nilda VECLANA. Probably in her early thirties, she is pregnant and was due to have her sixth child in May 1970. However, her physician recommended forced labor ( reasons unknown), which was scheduled for 17 April 1970. She has had difficulties with her pregnancy because of recurring fainting spells and overweight, which are being treated by Dr. HER-  
NANDEZ and Dr. MATA ( the latter ordered lab tests for Diabetes, the results of which are unknown).

Married for 16 years to Guillermo, Nilda is a pleasant woman who has not been known to quarrel openly with her husband or express political or religious opinions, although in this last respect she has recited the Lord's Prayer in front of Embassy personnel, which suggests that she may have been or is a practicing Catholic.

Mrs. Ruiz is a language teacher by profession ( speaks English fluently ), and is active in the Embassy as secretary to her husband and book-keeper, but only on an informal basis.

Of rather weak personality [Exception, see Attachment II; she was upset at the time], which is reflected in the way that she handles her five boys--"little beasts," according to Severina ORTIZ, the maid--, Mrs. Ruiz does not permit them to be punished severely and is always complaining that she does not spend sufficient time with them.

She is known to have lived in New York for five years in the fifties ( on 48th St., three blocks from Times Square), a city that she likes very much. She goes shopping alone, and once even to the airport in a taxi ( [redacted] the embassy security officer, did not like the idea) to wait for her husband's arrival from one of his trips. She seems to get along well with the wives of other Cubans in the staff.

Nilda travelled to Havana on 30 January 1970 to see her son Guillermito, and returned to Madrid on 11 February. Although RUIZ used her to send a lengthy memo to [redacted] his superior at MINREX [redacted] for text see Attachment III ], he was not very happy with her trip— an attitude that Nilda resented very much ("You are very selfish") until her husband changed his mind.

Her parents live in Havana ( local telephone, 2-8130). [redacted] Cuban Telephone Directory lists that telephone number under [redacted]

#### CHILDREN :

1.- Guillermito ("Guille"). At 14 he is the oldest and is currently studying in Havana. He is very tall and thin. There were reports that he was unhappy in Cuba, and his father went to Havana on 16 October 1969 to solve a "personal problem" with Guillermito. If true, Guille no longer feels that way because on 26 December he was quoted to be very happy in his new school.

Guille was scheduled to cut cane after 10 January 1970, but was actually assigned to a tobacco farm in Guane early this year.

2.- Alejandro, who is nine years old (DOB: 15 Feb). According to those who know him he is a real "devil" and a good swimmer. He is taking guitar lessons, and goes to Colegio

Estilo and Gimnasio Mascardó, Pilar de Zaragoza #99, Madrid.

3.- Ivan, who is about eight years old.

4.- Juan Carlos.

5.- Juliote.

All five are very spoiled and have caused several maids to leave their jobs. [redacted]

[redacted] bitterly complains that they show no respect for their parents. This is why she "hates" Mrs. Ruiz. There was another maid, [redacted], who was replaced because she did not look after the children. [redacted] is currently employed by the wife of [redacted], who is leaving Spain definitively in August 1970.

BACKGROUND : Guillermo RUIZ, familiarly known as El Guajiro, probably comes from a humble family in Cuba, as he lived in a solar in Cuba, a slum dwelling in Marianao and began to work when he was only 14 years old.

*except says he has a degree from U. of Havana?*

In the fifties he emigrated to the United States, travelling throughout the East Coast and holding minor jobs. In 1957 he began to work as an apprentice butcher for a Polish-American named Alexander SAMKO, who had a grocery store on Flagler St. in Miami. He did so well in attracting Latin-American customers to the store that he soon began to distribute meat in the area for SAMKO.

He has said that when he left Miami in 1958 he turned over to his brother a house in North Miami, a brand new car, and over a thousand dollars in the bank.

But his "success" could be traced, perhaps, to another acquaintance that he is known to have had.

- 4 -

At the time RUIZ and Major José María MOLEON Carreras, then another Cuban exile, were in contact with an American of Cuban descent known as Joe LOUIS or LUIS, an underworld figure who was competing with the Italians in the bolita racket in Tampa. RUIZ himself has told close associates that LUIS or LOUIS offered them \$800 a month, plus car and expenses, to supervise "collections" in Miami. 721-19760

Furthermore, LOUIS or LUIS even asked them to kill a man named FERNANDEZ, who was involved in the numbers game in Miami, for \$5000 each. 22-10-26

In February 1958 RUIZ left Miami with Harry VILLEGAS Tamayo / a Captain in the Cuban Army, he has been seen at parties in foreign embassies in Havana with Major Manuel PINEIRO Losada, DGI chief 7 and three other members of the 26th of July Movement and entered Cuba clandestinely.

At the triumph of the Revolution Alexander SAMKO went to Havana, where he stayed for a week at RUIZ's home, and offered him a partnership in the business, which RUIZ rejected.

In 1960 he was one of 18 out of 5000 who were selected by the Ministry of the Treasury, where he was working, to take the full statistics course outlined by ECLA. The course, which lasted two years, included such subjects as mathematics, finances, democracy...and Marxism-Leninism.

One of his schoolmates at the time was

In 1963 he was sent to Mexico, and after returning to Havana was appointed Chief of the Trade School at MINCEX, post that he held for two years.

In 1967 he was sent to Spain to replace Ramón CALZADILLA as charge d'affaires.

EDUCATION : Aside from the statistics course taken in 1960, RUIZ seems to lack, in the eyes of some observers, a solid, formal education. But he makes up for it by being an avid reader (five newspapers a day, plus books). This impression, however, may be wrong, for there are indications that he either studied or wanted to be a CPA.

He understands and speaks English and French (fluency unknown), and has undertaken to teach grammar to the embassy staff.

Sensitive to art, or so he says, he frequently complains of the general lack of culture in Cuba. His vocabulary level is rather low, cussing quite often in the presence of others.

RUIZ is well-versed in world affairs, and does have an understanding of international trade.

He has read some of the works of José Martí, whom he likes to quote. But there is another book that he also refers to repeatedly, Kim PHILBY's, the KGB spy who penetrated MI-6.

He is up-to-date on current intelligence publications.

HEALTH : Blond, baby-faced, and blue-eyed ("Very handsome," according to Anita, the young maid ), RUIZ is known to be suffering from an undisclosed liver illness for which he takes a medicine called bilidis. Late in 1969 he was planning to go to Portugal on vacation following the advice of his physician, [redacted], but he did not make the trip. He coughs frequently, is used to cold weather, and was thinking of going to the same gymnasium as his son Alejandro.

SECRET

SECRET

- 6-

He wears eyeglasses to correct astigmatism, and is known to like skin-diving, a sport that he practiced in Cuba.

In general terms, however, he enjoys good health.

EMPLOYMENT : There is no doubt that Guillermo RUIZ exercises the full authority that presumably he should have as Minister Plenipotentiary (relations between Cuba and Spain remain at this level because of Spain's refusal to appoint a full Ambassador after LOJENDIO was expelled from the Island by Fidel CASTRO).

He is involved in and kept informed of all matters that have to do with Cuban-Spanish relations, including trade. He does not permit commercial attachés to bypass him when they submit reports to their respective enterprises in Havana.

In addition, he supervises Cubana Air Lines operations, and no one may travel on Iberia to Havana without his permission (this applies only to Cubans, for tickets must be paid in foreign currency). Evidently he controls the Cuban Embassy in Lisbon, and Rafael FERNANDEZ Sardiñas, the chargé there, travels frequently to Madrid for consultations with RUIZ ( " Our relations with Portugal are not very good now").

Cuban officials arriving in Madrid must consult with him before arranging visits to Spanish officials or factories, and only he, Juan Antonio CURBELO Lemes, Arístides DIAZ Rovirosa, and Roberto FRANCO Oliva, are authorized to issue visas for people travelling to Cuba.

He seems to have good working relations with Spanish Government officials because he is always careful to place all the "cards" on the table in his meetings with them.

SECRET

SECRET

- 7 -

Nothing is known about unofficial contacts with other diplomats in Madrid except that he is close to and exchanges information with the Algerian Ambassador.

At times he tries to give the impression, and this might be true, that he enjoys the full personal confidence of Osvaldo DORTICOS and Raúl ROA.

He frequently tells other Cuban diplomats stopping in Madrid that he makes 90% of the decisions without consulting Havana because that is "why I am here for."

Above all, he directs constant and bitter criticism against the bureaucracy in Havana because of its incompetence, which, in his opinion, will cause Fidel CASTRO to carry out a major purge after the 1970 sugar harvest comes to an end ("No one in Havana wants or cares to make a decision").

The Peter Principle [ " In a hierarchy every employee tends to rise to his level of incompetence" ], which he has read and is going to send to Fidel CASTRO for reading on the advice of [redacted], should be taken as an example of what is happening in Cuba. Furthermore, in his view Havana is always trying to interfere with the Embassy in Madrid, resulting in lack of co-ordination and even co-operation. ( To [redacted] " More than lack of organization there is chaos in Cuba today.")

He directs almost the same criticism against his staff in Madrid because they lack qualifications for the posts that they hold. " They think that I am a fool," he once told an associate, "but I don't miss anything that they do."

SECRET

SECRET

- 8 -

In turn, he has also been the target of criticism from Havana, first from [redacted], who made a critical evaluation of the Embassy, which he decided not to answer ( "I took a librium, smoked a cigar, and forgot all about it").

[redacted]  
in mid-February 1970 for another review of embassy accomplishments. But this time she seemed friendly with Guillermo RUIZ.7

On another occasion he complained to Arístides DIAZ that he had received one more critical report from Havana because the Embassy "had not achieved much," although they had done things that were not included in the yearly plan.

But perhaps the most serious censure of his activities came in by telex (" Why worry? The Americans and the Spaniards intercept all messages anyway") early in October 1969. Havana questioned the way RUIZ was handling trade negotiations with the Spanish Government. [ The trade agreement was extended by mutual consent to 31 December 1972.7

In his reply addressed to Raúl LEON Torras, first vice-minister of MINCEX and senior Cuban official directly responsible for the talks, Guillermo RUIZ defended his right to be "informed" and "consulted" in rather strong language. Therefore, he rejected that his cable number 521 was offensive to Joaquin ALVAREZ, a Cuban trade official who had been the source of the complaint.

In the last paragraph he told Raúl LEON that the indemnification question ( payment to Spanish citizens who owned property in Cuba) depended on his reply to Don Pedro SALVADOR, a Spanish Foreign Office official, and not on "bribery" conjectures.

SECRET

SECRET

- 9 -

Evidently this last cable upset him so much that he was nervous and particularly security-conscious. Less than a week later, he called Raúl LEON Torras and requested permission to go to Cuba, ostensibly to settle a "personal problem with my son."

When he returned to Madrid on 29 October he was a changed man, again fully confident of himself. Nevertheless, he has told close friends that he feels very lonely in Spain and has had the desire to simply board a plane and return to Cuba abandoning the Embassy.

Late in January 1970 he was again depressed, for he felt like an "exile" in Spain after two years of service ( " Even though LEON played a part in my appointment I cannot work for a man that I do not understand. Maybe he sent me abroad to get me out of the way. I feel as if I were in Miami.")

He thinks he is "burned" in Spain, and when he returns to the Island he will definitely not go back to MINREX, but to MININT. He has told close friends his term in Spain is up and he will be returning to Cuba probably in the summer. In any event, he does not plan to be in Spain more than nine months. Nilda, his wife, has stressed that they are leaving Madrid permanently in July 1970.

POLITICAL AND IDEOLOGICAL VIEWS: Although outwardly a "revolutionary", Guillermo RUIZ is a man of moderate political views struggling to justify the actions of his government in face of the political and economic realities of Castro's Cuba.

SECRET

SECRET

- 10 -

In this sense his inner feelings perhaps lie closer to the theory of the betrayed revolution, but not for ideological reasons: the incompetence of the Cuban Government has in fact sabotaged the goals of the Revolution.

A member of the Cuban Communist Party, to which he was admitted on the recommendation of Armando HART Dávalos, secretary of Organization, he is definitely not a convinced Marxist, and consequently cannot accept the role of "robot" required by Party discipline and vertical structure ( " Revolutionaries should not be coerced by political control forms," he wrote Telesforo DIAZ Portillo, a MINPEX official, on 26 December 1969. " Communists are quite meddling," he told another colleague soon after, although in this instance he may have been referring to the Spanish CP).

But the most important revelation of his views came to light on 11 December 1969, when he was quoted as telling a visiting DAP official from Havana: " If I disagree with orders, I question them because I am not a robot nor do I have the mentality of one. As a human being I express opinions no matter the risk that I may personally have to take."

Obviously, a man who thinks in this way cannot be a Marxist.

Aside from the constant criticism of Havana because of incompetence, lack of vision, and the unreal world they live in, he is quick to point out other deficiencies in life there, as reflected in his directive to the embassy staff not to celebrate Christmas together because there are "hungry people" in Cuba. But he did invite some of his associates for dinner

SECRET

SECRET

- 11 -

on Christmas eve, the classical Spanish Nochebuena. He has also said that medicine in general is quite backwards in Cuba.

Probably an atheist, he is known to believe that "religion should not be considered a handicap for people trying to return to Cuba."

On the other hand, he refers to Latin-American diplomats as "bootlickers" because they use the English language in parties, and has remarked that "capitalism is no good".

RUIZ seems to have certain admiration for Francisco FRANCO, who, in his view, is the only reason why Spain has not turned communist. Of course, it is doubtful that he really believes this.

He does not hide his favorable opinions of the American people, who are "frank" and "simple". "They treated me very well," he told Raúl LEON Torras in December 1969.

On international matters he is up-to-date and well-informed. Following are some of his views, which are contradictory at times:

"Cuba is a political power, not a military or economic power.

"The USSR has neutralized U.S. sea power in the Mediterranean.

"Cuba can destroy Guantanamo whenever it chooses to do so, although the base has lost its strategic value to the United States.

"US-China rapprochement should be feared, but also a Japan-China alliance.

SECRET

SECRET

- 12 -

" U.S. power is beginning to crumble, but the Soviets are revisionists.

" The Egyptians harm us when they buy sugar from Cuba and then resell it to other countries.

"We have to be on the side of the Soviets for two reasons: first from the military and economic point of view; secondly, because whether right or wrong they are on the same side fighting those who are on the other side.

" Cuba has had and has major discrepancies with the USSR, China, and the U.S., but we are on the side of communism because we are against capitalism.

" Israel and Cuba have the same motivations. That is why they are so successful against the Arabs. They have no choice.

" The Egyptians and the Syrians are not brave. The Israelites, like the Cubans, are brave enough to face the enemy."

PERSONALITY : Guillermo RUIZ is an easy-going rather simple man who no doubt enjoys the prestige and success that he has had in Spain.

He has a strong personality, undoubtedly the predominant pole in his marriage. He seems to get along well with his wife. ( " If anything should happen to me and my wife wants to remain in Spain, I want my children to go back to Cuba to study. Then they can decide for themselves what they want to do.")

Certain degree of racism can be detected in his speech, for he always refers to Negroes as niches, a contemptuous Cuban expression.

SECRET

SECRET

- 13 -

He almost never discusses women with colleagues, nor is he known to be involved in any extramarital affair.

[ Possible exceptions: Vera VORODOWSKI, his secretary now in Cuba. There were rumors that RUIZ was the beneficiary of Vera's affection. There is also a young Spanish girl named JIMENA ( Inu ), who addresses RUIZ in the familiar tu. She lives in the house of Carmen LABRA or LABRADA.7

He likes to go to the movies ( saw Topaz; no comments), and receive people at his home for cocktails.

SECURITY : It is normal for any member of the Cuban Foreign Service to exercise certain discretion in the area of security, but Guillermo RUIZ is particularly sensitive in this respect, which perhaps could be traced to his probable involvement with the DGI in one way or another.

He is quick to warn visiting Cubans of the CIA's efforts ( " La Compañía Sociedad Anónima" ) to compromise them, even before leaving Havana. "Our Embassy," he says, "is the primary target for U.S. operations in Spain."

He keeps control of mail going to and coming from Havana in the diplomatic pouch, and states repeatedly that his office is bugged and telephone tapped (" There are microphones here the size of olives"). In addition, he thinks he is followed openly by Seguridad.

For all these reasons he has asked Havana for funds to build a new embassy, where he plans to have a shielded room free from microphones. ( The building, which will cost approximately \$600,000, was approved by Havana and a Cuban architect travelled to Madrid in late March 1970 to discuss the project with Sr. WILLARROYA, from Construcciones Azagra, who is handling the real-estate operation. Villarroja's telephone number is 254 4238.)

SECRET

SECRET

- 14 -

He is particularly aware of what he calls "traps", and in this sense recalls that once he was asked to dinner by the wife of a VIP, and after accepting the invitation he was told that someone else and a priest would attend too. Even though the lady in question was very upset, he did not go because one of those present could have been a "seditionist" ready to be "arrested" by the police. An inevitable scandal would have followed. He adds that he receives visits in the Embassy because there he admits only those that he wants to see.

An interesting item is the case of Conchita CAMACHO (telephone 201 4989), who called RUIZ at the Embassy claiming to have met him at a party and wanting to see him, alone, at the Hilton for a "chat". [See Attachments I and II.]

Perfectly aware of the implications and seemingly in violation of his own rules, he did go to the hotel after ordering Horacio FUENTES to check the telephone number ( " The CIA has a new agent"), in spite of the fact that Raúl LEON Torras was arriving in Madrid on that night.

He and Fernando, his driver, waited outside until the woman left the hotel with some men. RUIZ wanted only, so he says, to warn her not to get involved in matters between Cubans because she could "lose her life".

Regarding communications, Guillermo RUIZ has even suggested installing a radio transmitter and speaking in code with Havana. [ The Cubans are in fact installing a radio transmitter on Islas Canarias to communicate with their fishing fleet. But RUIZ, in this particular case, has

SECRET

SECRET

- 15 -

stressed to the Spanish Government that Cuba is willing to permit Spanish citizens to operate the station, thereby avoiding any suspicion that the transmitter will be used for other purposes.]

In spite of his security-consciousness, he himself is the target of certain control by Juan Antonio CURBELO Lemus, the "cultural" first secretary who in reality is the security man at the Embassy ( RUIZ has complained that he needs a "real" one in Madrid: " Sergio [ DEL VALLE, minister of the Interior ] told me they were getting someone ready to send as cultural attaché" ), for CURBELO instructed the front-desk girl to pass on to him a summary of who sees who and for what, including RUIZ's visitors.

RUIZ likes to recall the time when a Cuban in his staff ( name unknown, but presumably he is back in Cuba ) spread the rumor that RUIZ and Nilda were not well-liked in Havana, perhaps to undermine his authority. CURBELO reprimanded the man by stressing that "when Havana is doubtful of anybody here in Madrid it uses official channels to let us know."

Nevertheless, he does make mistakes, as evidenced by discussing in his office, with members of his staff, the possibility of advising Havana that a Spanish foreign service officer scheduled for duty there might be open for recruitment. Recalling his constant warnings that his office is bugged by Seguridad, such discussion clearly exposes him to expulsion from Spain.

By the same token, he likes to travel by car to the interior of the country alone ( he must have powerful reasons to do so, for

SECRET

SECRET

- 16 -

he is risking attack by Cuban exiles, a possibility that he surely must not discard given the reception that they gave Armando HART Dávalos, Carlos CHAIN, and Carlos ALFARAS at Barajas Airport on 30 June 1968). Neither his wife nor CURBELO approve of this.

At times he is known to write on paper key phrases or names when discussing confidential matters in his office, or to speak very low. Furthermore, he says he goes to Parque del Retiro when he wants to discuss sensitive matters with anybody.

In short, he is security-conscious, very shrewd, and suspicious of anybody that comes near him.

TRAVEL : Following are the trips that Guillermo RUIZ made from October 1969 to February 1970:

To Havana to settle a "personal problem" on 20 October 1969 by Iberia ( first class); returning to Madrid on 29 October.

To London on 14 November 1969 for consultations with Raúl LEON Torras, returning two days later by air ( also first class).

To Bilbao, San Sebastian, and Burgos, by car, on 28 November 1969, returning two days later.

To Italy from Barcelona with his wife and two children on 29 December 1969. He went to pick up an Alfa Romeo, which he paid out of his own funds. They returned through Florence, Genoa, San Remo, and Barcelona, arriving in Madrid on 6 January 1970.

SECRET

SECRET

- 17 -

To Burgos by car with REGALADO (fnu) and URQUIZA (fnu) on 24 January 1970.

To Havana on 20 February 1970. He was scheduled to participate in trade negotiations with the Spanish delegation that left Madrid on 22 February 1970. RUIZ returned to Madrid on 24 March 1970.

FRIENDS : Not much is known about Guillermo RUIZ's personal acquaintances, except for the following:

Pedro RUIZ.- A good friend who goes to his home rather frequently, Pedro is quite influential according to Guillermo. He is also a friend of MASSO (fnu).

Carlos or Enrique CARRASCO.- He is a partner of Carrasco, Muñoz e Iturriaga, with offices at Avenida Generalísimo #28, 10th floor. RUIZ meets with him often, either for lunch or at his home. They seem to be good personal friends. CARRASCO may have to do with arrangements for the sale of Cuban frozen seafood. Travelled to New York late in October or early November 1969. RUIZ is known to have visited CARRASCO's office.

Rosendo CANTO.- Lives at Goya #54, Madrid. His friendship with RUIZ may be interesting if he is the same Rosendo Canto who was a well-known batistiano ( probably his father ). If this is the case contacts with RUIZ are politically dangerous for the latter, unless he is using CANTO with the approval of Havana. According to Roberto FRANCO Oliva, the consul, CANTO wanted to go to Cuba, live there for a year, and then join the Cuban Foreign Service ( "He is a fool," RUIZ ). CANTO's father is ill in Cuba

SECRET

SECRET

- 18 -

and sends him mail through the Cuban diplomatic pouch. CANTO is involved with the diplomatic representation of Equatorial Guinea.

Armando FERNANDEZ.- "A good friend," says RUIZ. But he has doubts about FERNANDEZ's source of income ("Maybe he gets money directly from Havana without my knowledge"). FERNANDEZ sends a "lot of things" to Cuba. He is an artist, and lives at Bondad #1 (telephone, 255-3281). Armando claims to know Fidel CASTRO and Celia SANCHEZ personally. It may be true, for he received a package at the embassy from the latter in March 1970. However, he asked the Cuban staff to send it to him because he "did not want to be seen taking something out of the embassy." FERNANDEZ's father has cancer.

201-726172  
not worth  
following up.

JIMENEZ Asenjo, deputy director of the Spanish Dirección General de Seguridad. Knows RUIZ personally, and is in contact with him rather often, but presumably in the line of duty.

SECRET

SECRET

- 19 -

SUMMARY : Guillermo RUIZ is a very shrewd, articulate individual who has reached heights that in all probability would have been beyond his capability in normal circumstances.

Nevertheless, from what can be seen his work in Spain has been effective, and he keeps a tight control over his staff. He is a man confident of himself and of the backing [ ] that he surely must have in order to remain in this sensitive post of the Cuban foreign service.

Precisely because of his privileged status RUIZ is very careful in whatever he does, avoiding mistakes that would endanger his position.

Therefore, he will probably resist any indirect approach, which he will recognize in time to brush it off.

But this does not mean that he is unapproachable, for he is not. There is no question that his personality is incompatible with the system that he serves, although with profound misgivings as to its efficiency. It is then a question of how and when.

The very fact that he has made open remarks suggesting his unhappiness with Havana and his non-Marxist leanings in an office "bugged by the other side," as he points out, could be interpreted as a signal on his part indicating that he is ready to listen.

But he will be suspicious of an indirect or subtle approach, which, in his view, could be a trap to compromise him, including a loyalty test by the DGI.

SECRET

SECRET

- 20 -

Consequently, a direct approach has much better chance of success. It would be proof for him that he is walking on firm ground by dealing directly with Americans. Which leads to the question of when. There are two key factors to consider :

- a) His recall to Cuba.
- b) The 10-million ton sugar harvest, which is scheduled to end on 15 July 1970.

RUIZ has indicated that he is unhappy in his post--perhaps not really meaning what he says--, which he has occupied for over two years.

As he has said that Fidel CASTRO plans a major purge after the 1970 sugar harvest, he himself may be one of the targets. Assuming that his ideological inconsistencies have been noticed, the DGI, in the absence of proof regarding his loyalty and considering whatever support he has in Havana, may request his recall at an appropriate opportunity: during a major reorganization of the Cuban Government.

In any event, RUIZ does not expect to remain in Madrid much longer, and is planning to be back in Havana by the 18th of July.

If Cuba is successful in harvesting 10 million tons of sugar, and they have already reached six, the "victory" that Cuban propagandists will herald from July on may have a psychological impact on RUIZ's thought. He will be less inclined to defect, in place or otherwise, at such time.

SECRET

SECRET

- 21 -

Finally, if RUIZ's personality were to be summarized in one word, that word would be realist with a logical mind. Above all, this is what RUIZ is.

Attachment #I.

Report No. 2274.

9 January 1970.

One 'Miss' CONCHITA calls asking for RUIZ. NILDA says she is his secretary and CONCHITA may leave the message with her. C would like to surprise him. NILDA asks for her last name; C does not give it to her because it would then fail to be a surprise, but leaves her telephone number (201-49-69) for R to call her after 8, for she works until that time. On NILDA's insistence C gives her last name as CAMACHO, adding she is the widow of the doctor who was director of the Coimbra Hospital.

RUIZ calls Mrs. CAMACHO at 201-49-69. She begins the conversation by saying they had met at a party which she had attended with her husband at the Dominican Embassy in Madrid. She reminds him that they had talked with the Paraguayan Ambassador and former Dominican Ambassador Rafael COMPRES, and that the party had taken place two years ago. Despite all the details RUIZ insists he does not remember her and asks how he can be of service to her. She tells him "I have just arrived and find myself somewhat isolated, disoriented, and I must find work. I recall you telling me on that occasion 'If you should ever have any problem and you come to Madrid, look me up.' One other ambassador also offered me his assistance and I have tried to locate both of you." Mrs. C mentions having a daughter, that her husband was a pilot and that she is a Spaniard, adding she is not too old. R replies that in all honesty he does not remember her. She insists on seeing him to have a chat, and R suggests she come to his office at her convenience. She prefers talking with him alone, without his secretary or anyone else present, and suggests a bar at some hotel like the Palace, Ritz or Hilton. He is agreeable to any place she may desire; they agree to meet that night at 9:30 in the lobby of the Hilton Hotel. She will be dressed all in black.

RUIZ calls FERNANDO. F is to meet R outside the latter's home about 9 o'clock dressed in coat and tie.

RUIZ calls PILOTO to have him meet RAUL LEON in Barajas that night. RUIZ is unable to do so because of a previous engagement.

FERNANDO calls CURBELO to ask for PUGA's phone number. F wants to tell P he cannot meet the professor at P's house that night because he (F) has to take RUIZ somewhere.

Report 2288.

22 January 1970

Mrs. Concepción CAMACHO de MATOS calls RUIZ. NILDA asks if she is the same person who called the other day and said she was the widow of... (MATOS). The woman says 'yes' and NILDA tells her: "Look Miss, you're playing a very dangerous game."

MATOS: I don't know what you mean, miss.

NILDA: Well, because none of the comrades here is going to allow himself to be provoked. So, please do not keep on.

MATOS: Well, I don't know what you are referring to, miss, I am completely astonished.

NILDA: Well look, don't be astonished, you might end up some other way.

MATOS: I don't know what you are talking about.

NILDA: Well, we do.

NILDA hangs up.

Mrs. MATOS calls the Ambassador's secretary again; it seems there has been a misunderstanding.

NILDA: Look miss, we do not wish to talk to you anymore. We are telling you in a nice way. Please do not call anymore.

MATOS: I am not going to call again... I only want to say I had nothing to do... I know nothing at all. ... Only that I have received a message. I received a telephone call... I have just arrived in Madrid, I am not familiar with Madrid, or know anyone.

NILDA: Aren't you the one who called the other day? You made a date.

MATOS: What kind of a date?

NILDA: Didn't you make a date with the Charge d'Affaires?

MATOS: No, no. no. One moment, miss. I received a telephone call and was told to call this gentleman, the Cuban Ambassador. I could also tell you about another ambassador, but that they were trying to get in touch with me.

NILDA: Who are 'they'? To whom do you refer when you say that 'they' called you?

MATOS: I was called on behalf of the Ambassador of Chile and the Ambassador of Cuba. I thought it was extremely unusual, miss, because I don't know anyone here.

NILDA: Didn't you call here a few days ago?  
MATOS: I called when I was advised to do so.  
NILDA: And you made a date with the Ambassador.  
MATOS: I don't know what exactly did happen. I was asked to talk with him and to get in touch with him, miss.  
NILDA: But, who called you, miss?  
MATOS: Whoever it was said, "I am the Cuban Ambassador," so then it all seems to have been a plot, or something of the sort.  
NILDA: Look, if it is a plot I suggest you do not get involved because where we are concerned it is somewhat dangerous.  
MATOS: No miss, I am very proper and a serious person.  
NILDA: Since you are so serious and proper don't ever let anything happen to you.  
MATOS: I live with a daughter and you must realize that I live only for her.  
NILDA: Well, look, if you live for her, don't get mixed up in these things for they may cost you dearly.  
MATOS: Very well, miss. I am deeply grateful to have been enlightened by you. I can see already that it is simply a plot or an implication by someone.  
NILDA: It is a plot and we know it. And we know who is behind it.  
MATOS: Yes, miss. I would also like to know, I assure you.  
NILDA: Well look, stay away from this mess or you'll pay dearly... good-bye.  
MATOS: Fine, miss. I am also very grateful that you have told me. My apologies, huh?

[NILDA was very upset after this call.]

Report No. 262.

30 January 1970.

RUIZ records following memorandum on tape:

"Comrade NEIRA.- I take this opportunity that NILDA is going to Havana to bring to your attention some of our problems here in Spain.

"The first pertains to the construction project for a building which I sent to CHAIN with the President of the National Bank when he passed through here in December, and to this day, after five weeks, I have not received an adequate answer. You know that when preliminary negotiations are initiated one enters into certain obligations with the land owners as well as with the construction firm, to whom we must give an answer.

"On my insistence, Comrade ROA gave me... sent a cable informing me that as yet the budget had not been approved and he could not give me the results.

"Present locales do not meet the Spanish minimum requirements for working space. CURBELO brought from Havana proposals for the leasing of a locale for the Commercial Office with a rental fee of \$2,000 a month. We discussed this proposal at a meeting of comrades here and it was rejected in the belief that it was more advantageous for us to buy. We also discussed this with Fermin GUTIERREZ, who visited the Commercial Office and to whom we pointed out that in view of the system of payment here in Spain it was better to purchase a building, since this transaction at no time would affect our system in our trade policy with Spain.

"To the point of being persistent we should like to request a building for all services: the Cuban Office, the Commercial Office, the Consulate-Embassy Office, plus living quarters on the top floor for the diplomatic Representative, something with which I am not in complete accord. In summary, a building which would offer maximum security and freedom of movement. The Commercial Office would occupy the first floor, the Embassy, the second floor, and the third floor the living quarters for the Chief of the Mission. This would resolve all our local problems and our representation in Spain.

"This construction firm built for the Rumanian representation in Spain and is now building for the Polish and others. We have been quoted a fixed price of \$600,000 which includes a luxury building, with glass windows, air-conditioned, and other luxuries. This amount could be reduced if we bring our Cuban architects, who were here two years ago, and knowledgeable of their mission could discuss with the land owners and the construction firm those things they feel could be omitted and the price could be brought down considerably. We do not need a luxury building, but one that is attractive, simple and functional. Term payments could also be extended. I want to impress upon you that when we entered into negotiations we had a binding agreement.

"The lot is on Avenida La Habana. Fermín GUTIERREZ looked well into this matter. He asked me to send him the project and that he would look at it. The system of payments in Spain allows us to pay \$100,000 or \$150,000 annually which will not be difficult for us.

"NEIRA, I want you to talk to CHAIN, not bearing pressure on him, but to make him understand that what I want is to leave my successor established, for any construction not lasting over nine months I certainly will not be able to enjoy.

"Another thing I want to bring to your attention is in regard to our Consulate, its activities and relations with the Visa Section. A letter has come from VERA addressed to FRANCO pointing to FRANCO's incorrect wording of a cable to that Section. I agree that it was incorrect, but I find it strange that that Section should pay so much attention to correct forms and analyze the contents so little. The contents of things are not being studied, and it is essential that deep thought be given to the work that is being done. When someone comes to the Consulate with an authorization to travel to Cuba, it is usually three or four days prior to flight departure. Since the Visa Section must defer to the Department of Emigration for its authorization, inasmuch as the latter determines whether or not a foreigner can go into Cuba, the process is not carried out with the urgency that it requires, consequently, there is delay. This creates much inconvenience for us, and even personal problems, for we must consider that often people arrive with the exact amount of money and a week's delay could hurt them so that at times they don't even have enough money for lodging or food.

SECRET

SECRET

- 3 -

"At present we have the case of a member of the Chilean Communist Party and OSPAAAL whose passage has been set aside by these organizations to travel from Madrid to Cuba. Four days ago FRANCO sent a cable and still there is no answer. We made the decision to grant this person a visa because the plane leaves tonight, otherwise he will have to delay the trip one more week. If the tickets were reserved for him here there is no doubt he has been given authorization.

"NEIRA, I want you to talk to OJEDA and request that our Consulate be able to contact the Emigration Department directly. FRANCO has been on the job for approximately one year and has never given reason for complaints, but if he has now made a mistake in the editing of a cable it could have been that in the face of mounting problems he is presented with daily he might have exploded.

"Another thing I want to tell you is that last night we had as guests in our home the Chilean Director Hugo BENAVENTE and his wife, the leading lady in his Peruvian company which has brought to the stage "Luz de Europa". If they are not communists in the sense of the word, like the rest of the company, they do sympathize with us. They invited PINEDA to attend the premiere, and he answered with a cable which was shameful to see and read. The wording of that cable gives the impression that PINEDA is being held captive and asks them to please come to his help and send for him. He makes us look ridiculous. Just think that cable has been read by others before they showed it to me. The political position of PINEDA and other Cuban writers should be investigated, as now they are putting up on stage "La Noche de los Asesinos" and they also want another Cuban writer to come. I should like to get your advice in this area as I am totally ignorant of matters related to culture, for we have no cultural attaché here.

"There is also the following problem: The comrades in the fishing [department], specifically Comrade ARAGONES, are interested in having a radio communications station to contact ships on the high seas. In this regard I spoke to Mr. ASENJO in the Security Department who said there was no inconvenience on his part if they requested it and took the necessary steps. You know Mr. ASENJO. I saw him a month ago and he had asked me if we had decided not to go ahead with it, as there had not been an answer in that regard after having obtained authorization from the General Administration of Security which was the most difficult step.

"Comrade Joaquín ALVAREZ reports that in reference to the letters left here by LEON for the Ministers of Foreign Affairs and of Commerce here in Spain, the former is taking an offensive position in foreign relations as you can see, and the Minister of Commerce has been quite busy, for the entry of Spain in the Common Market is almost a fact and conversations are in progress. This is why they have assigned to Mr. SANTAMARIA, General Director of Commercial Policy, the study of subjects which the Spanish side plans to take up in Havana during the negotiations in February. I am in touch with this man and in fact had to call him up today, for he had said that before giving me the agenda of subjects to be discussed there was to be a meeting of Ministries to include Foreign Affairs, Commerce, Information and Tourism, plus others, to determine what was to be discussed in Cuba and decide on other matters.

"Because Mr. SANTAMARIA was not in this morning, he has promised to call me at 6:30 this afternoon, but he will not find me here because I'll be taking NILDA to the airport.

"Tell Joaquín ALVAREZ that regarding the 50-million credit request from Cuba to Spain for 1970, there has been no confirmation inasmuch as we have been unable to talk with the present Secretary of Commerce. We find the figure somewhat high but have no basis for judgment to focus on any area.

"You must have heard already about the success of our reception. Not only because of the number, which was quite high, but because of the quality of the attendants. We had to use two rooms. We had prepared only one but when the Minister arrived it became necessary to open another room. There was representation from the ultra-right to the ultra-left. This has been a great triumph for us considering that in these countries the quality of people attending these events is taken well into account.

"Comrade NEIRA, an embrace for you and for those working with you. I hope when SONIA comes over she brings a project for 1970 that can be fully undertaken by us. We are very bad at making projects. This past year we did many things that had not been planned, while others that were planned remained undone, but with last year's experience we shall strive to plan better.

I have given her permission for one week and no more, for I do not like to act as babysitter--they are four children and although they are my own I do not care for it. b. Nevertheless, he has received some rather telling criticisms of a professional nature, even though it is unknown whether this criticism also touches on his personal life. Perhaps because of this, AMAUTO-1 seems to be very careful in whatever he does, avoiding mistakes that would endanger his position, and avoiding any real or fancied provocation.

c. There seems to be little question that AMAUTO-1 is approachable, although he would probably resist any indirect approach in which "cards are not laid on the table." It appears very likely that his character is basically incompatible with the system he serves (with profound misgivings as to its efficiency).

d. The very fact that he has made open remarks suggesting his unhappiness with PBRUMEN and his non-Marxist leanings in an office he himself points out is "bugged by the other side" could be interpreted as a signal from him, indicating that he is ready to listen. His remarks on the subject might be those of a man who believes he can "jump off" at any time, if necessary. Note that he tends to live with criticism from his home office rather than try to get out from under --- perhaps meaning that he would not accept a PCS assignment home. (The attachment hereto shows him describing a compatriot who wishes to return home as "a fool.") He has said himself that he believes AMTHUG-1 plans a major purge for mid-1970, and he might consider himself as a victim of that purge.

e. A fact which might affect timing is the arrival of a child in May. If he were to persuade his wife (and his government) to have the child in [ ] rather than return home for it, he would have a good excuse for requesting the presence of his oldest child (the only one who is now at home). If his wife returns home for delivery, he would (for a time at least) have three hostages in PBRUMEN instead of one.

f. UFGA-19006 reported a 1964 attempt to get at AMAUTO-1 through his wife's relatives. The consensus at the time was that AMAUTO-1 is probably immune to this type of approach. Headquarters, therefore, still opts for a logically developed, "traditional" recruitment build-up.

3. In line with the above, Headquarters suggests to [ ] certain lines of action which might be followed in an attempt to know more about AMAUTO-1. These actions might seem somewhat easier from our perspective than they actually are in the field, but we propose them for your consideration.

a. The man handling the new construction work (paragraph 16 of the attachment) should be checked out.

b. The established pattern of lonely automobile trips outside the capital (see paragraph 22 of the attachment) might be instructive to follow down. At least, the situation might offer a chance for approach or for subsequent handling.

c. AMAUTO-1's desire to see more people at home, and the indication that he discusses important matters at home becomes doubly interesting with the possibility of a vacant house next door (see paragraph 18 of the attachment). The person who owns the apartment building might offer a fruitful lead.

d. The apparent hostility of the current maid (see paragraph 24 and 27 of the attachment) might offer further exploitation.

e. AMAUTO/1's desire to affiliate himself with an exercise group (see paragraph 26b of the attachment) might offer a possibility to put an access agent next to him. The circumstance would be relatively normal, not calculated to arouse his suspicions. The use of someone of WOLADY nationality might, in fact, help to allay what is evidently a tendency AMAUTO/1 has of suspecting provocation.

f. Headquarters would greatly appreciate the opportunity of examining AMAUTO/1's X-rays. In this connection, we would like to see an investigation of the physician used on this matter (see paragraphs 31 and 32 of the attachment).

g. We would like to have [ ] assessment of the [ ] mentioned in paragraph 8 of the attachment.

4. At the same time, we would appreciate it if [ ] could follow down any of the leads stemming from AMAUTO/1's time in WOLADY. We are trying to trace his entrance back in the 1950's and as much of his time here as possible, and perhaps [ ] Station can develop leads on the persons mentioned in paragraph 24 of the attachment hereto, especially in reference to the brother left with the house. (Note Below.)

Michael V. SLATINSKI

I would appreciate your giving personal attention to this matter, because it is rare that we have such a detailed assessment as we have in this case.

Orestes Guillermo RUIZ Pérez

DOB: c. 1931

Cuban Minister Plenipotentiary to Spain,  
accredited 12 December 1967.

CHRONOLOGY

1. RUIZ probably comes from a humble family in Cuba, because he lived in a solar (semi-slum area) and began to work when he was only fourteen years old. This circumstance suggests that he lacks a formal education. He appears to come from a "revolutionary" family (his father was identified as a Communist and a leader of the barbers' union in UFGA-13595, and a brother was identified as a member of the DSE as of 1964 in UFGA-19006), 21 Dec 64 (28-735296)

2. In the fifties RUIZ emigrated to the United States, traveling throughout the east coast and holding minor jobs. In 1957 he began to work as an apprentice butcher for a Polish-American named Alexander SAMKO, who had a grocery store on Flagler Street in Miami. He evidently did so well in attracting Latin American customers that he soon began to distribute meat in the area, working for SAMKO (RUIZ seems to be somewhat proud of this success). He also appears proud of the fact that when he left Miami in February 1958, he left his brother (same brother?) a house in North Miami, a brand new car, and over \$1,000 in the bank.

3. Although he did well in the meat business, he traces a large part of his success to another acquaintance in Miami: an American of Cuban descent known as Joe LOUIS (or LUIS). Joe LOUIS was an underworld figure who was at that time competing with the Italians in the bolita (numbers) racket in Tampa. RUIZ and MOLEON (fnu), another Cuban exile, were each offered \$800 a month by LOUIS to supervise bolita collections in Miami. (There is no specific indication that RUIZ took his bolita friend up on this offer). Furthermore, LOUIS went so far as to offer RUIZ and MOLEON \$5,000 apiece to kill a man named FERNANDEZ (fnu), who was also involved in the bolita racket in Miami.

4. In February 1957 (note the 1958 date, above; perhaps an error on RUIZ' part) RUIZ left Miami along with a man named VILLEGAS (whose first name might be Harry) and three other members of the 26th of July Movement. They entered Cuba clandestinely. When the revolution triumphed in Cuba, Alexander SAMKO went to Havana, where he stayed for a week as RUIZ' house guest. SAMKO offered RUIZ a partnership in the meat business in Miami if he would return. RUIZ rejected the offer, saying that the Revolution needed him.

5. RUIZ brags that in 1960 he was one of 18 persons out of 5,000 who were selected by the Ministry of the Treasury, where he was working at the time, to take a statistics course offered by CEPAL. The course, which lasted two years, included such subjects as mathematics, finance, democracy (?), and Marxism-Leninism. One of his schoolmates at the time was Marta ARCOL, now the director of the Museo de Arte in Havana. (It is interesting to note that in UFGA-13595 RUIZ was described as an anti-Communist as of 1960 by a Cuban refugee.

6. UFG-1539 reported RUIZ as Chief of the Department of Construction Expenses Studies of the Ministry of the Treasury in 1962, and he was described as a militant Communist. In 1963 he was in Mexico, and UFGA-11065 mentioned him as G-2, living at Calle Cuenavaca 35, apartment 7. A report from LITANIL-9 in 1964 characterized RUIZ as a violent CASTRO partisan, and AEBUG-1 in 1964 described RUIZ as a CUIS officer. Presidential Decree 3440 of 4 August 1964 (UFGA-19006) reported RUIZ as being appointed Vice Minister of Foreign Commerce, and QUDOZE has him appointed about that time as chief of the trade school at MINCEX, a post he held for two years. In 1967 he was appointed charge d'affaires in Madrid vice Francisco Ramon CALZADILLA.

#### ON THE JOB

7. There seems little doubt that RUIZ exercise the full authority that presumably he should have as Minister Plenipotentiary. The relations between Cuba and Spain appear to remain static because of Spain's refusal to appoint a full Ambassador to Cuba after LOJENDIO was expelled from the island by CASTRO in 1959. RUIZ is involved in and is kept informed on all matters related to Cuban-Spanish relations, including trade. He does not seem to permit commercial attaches to bypass him when they submit reports to their respective home offices in Havana. In addition, RUIZ takes a keen and active interest in Cuban operations, and he has said that no one may travel to Havana on Iberia without his permission. He insists that Cuban officials arriving in Madrid consult with him before arranging visits to Spanish officials or factories. He seems to have good working relations with Spanish government officials, because he is always careful to "put all his cards on the table" in meetings with them. (The tenor of his conversation seems to emphasize that he likes things this way in all his relations, personal as well as professional).

8. Little appears concerning RUIZ' unofficial contacts with other diplomats in Madrid, except that he is close to and exchanges information with the Algerian Ambassador. (According to current records, this is Ahmed LAIDI, posted to Madrid on 15 December 1966, living at Calle Tiemblo 3, Ciudad Puerto de Fierro. Latest desk traces show this person as born 20 April 1934 in Oudja, Morocco, and as of 25 October 1966 to have been the Director General of the Foreign Ministry in charge of political, economic, and cultural affairs. He is described as

SECRET

SECRET

- 3 -

reserved, intelligent, and probably something of an operator. He was Ben Bella's chief of cabinet before joining the Foreign Office in 1964, and he functions more on special assignment than as part of the chain of command. He was a member of the Algerian UN delegation as of 28 September 1965.)

9. RUIZ tries to give the impression that he enjoys the full confidence of Osvaldo DORTICOS and Raul ROA, thereby being able to exercise the full authority of his position. He frequently tells other Cuban diplomats stopping in Madrid that he makes 90% of the decisions without consulting with Havana, explaining that "this is the reason I am here."

10. Above all, RUIZ directs constant and bitter criticism against Havana, because of what he terms the incompetence there. In his opinion, this generalized incompetence will cause CASTRO to carry out a major purge after the 1970 harvest is in. (He specifically repeats that "no one in Havana wants to make any sort of decision"). One of his favorite books is The Peter Principle, to which he refers constantly, and he uses this book to describe what is going on in Havana. In RUIZ' view, Havana is always trying to interfere with the Embassy in Madrid, a situation which results in a lack of coordination and cooperation. RUIZ directs the same criticism against his staff in Madrid, because his personnel lack qualifications for the jobs they hold. He once told an associate: "They think that I'm a fool, but I don't miss anything they do."

11. In turn, he has also been the target of criticism from Havana, first from Zoila GOMEZ (?), who made a critical evaluation of the Embass. RUIZ' reaction is instructive: "I decided not to answer it. I took a librium, smoked a cigar, and forgot all about it." On another occasion he complained to Aristides DIAZ that he had received another critical report from Havana regarding his program for the Embassy. Havana was complaining that not much had been achieved. RUIZ noted that the Embassy had accomplished much that was not in the plan, and he intended to answer that particular criticism in detail.

12. Perhaps the most serious criticism of his activities came in a coded cable received by the Embassy early in October 1969. Havana questioned the way that RUIZ was handling the commercial treaty negotiations with Spanish authorities. In a communication directed to Raul LEON Torres (201-725624) (Under Secretary of the Ministry of Foreign Commerce) and in rather strong language, RUIZ defended his right to be informed and consulted on the matter, denying that his cable number 521 was offensive to Joaquin ALVAREZ (Director of Trade with Western Europe and North America), who was evidently the source of criticism against RUIZ.

SECRET

SECRET

- 4 -

13. Evidently, this last piece of criticism upset RUIZ so much that he was nervous and particularly security-conscious. Less than a week later he called LEON in Havana and requested permission to go to Cuba, ostensibly to settle a personal problem with his son. However, his wife explained to another person in the Embassy that RUIZ' trip was due to his sick mother. His trip was probably due to the exceptionally sharp criticism and RUIZ' desire to clear it up personally.

14. When RUIZ returned to Madrid on 29 October 1969, he was a changed man, again relaxed and fully confident of himself. Nevertheless, he has told close friends that he feels very lonely in Spain and at times has had the desire simply to board a plane away from Spain and abandon the Embassy. He is always careful to say he desires to return to Havana, but he leaves room for the inference that he would rather go somewhere else. He believes that he is "burned" in Spain. He has said that when he returns to the island, he will definitely not return to his Ministry.

#### SECURITY AND SECURITY-CONSCIOUSNESS

15. RUIZ seems to be particularly sensitive in the area of security-consciousness. This attitude can possibly be traced to an involvement with the DGI in one way or another, but his background and especially his political views (see below) would appear to argue against his affiliation. RUIZ is quick to warn visiting Cubans against the efforts of what he terms "la compania, sociedad anonima" to compromise them, even before they leave Havana, indicating RUIZ' possible belief in the omnipresence and power of the sociedad anonima. He censors mail going to and coming from Havana, and he repeatedly states that his office is bugged, his telephone is tapped, and that he is followed quite openly wherever he goes. He attributes this surveillance to the Seguridad, and he probably ascribes it to the Spanish. (Note that, despite his "knowledge" that his words go to hostile surveillance, he still dares to express critical opinions openly).

16. This security-consciousness is apparently the big reason he has asked Havana for funds for a new Embassy building, where he plans to have a shielded room free from bugs. He intends to have Havana send electricians for the job and Cuban personnel to act as doormen, etc., with the wives of the latter to be his char force. He seems fanatic on the subject of not having any Spanish personnel in the building. (Note that one Sr. VILLARROYA, of Construcciones Aznar in Madrid, is handling the real estate operation.)

17. RUIZ is particularly aware of what he calls "traps." He once recalled that he had been asked to dinner by the wife of a VIP and, after accepting the invitation, was told that a priest would also attend. He did not attend the dinner, although it considerably upset his hostess, because he was afraid of a scandal arranged by the police. He said that he receives only in the Embassy, because through that door can enter only those whom he wants to see.

SECRET

SECRET

- 5 -

18. Nevertheless, RUIZ has several times mentioned that he holds his really important conversations at home, and that he would rather see more people at his home instead of at his office. (In this connection, it is noted that the house next door to his --- Calle Triana 44 --- which used to be a home for the aged) is now empty. The owner of the apartment building where he lives is Ignacio ARTERO, a Spaniard.

19. RUIZ has even suggested installing a radio transmitter and speaking in code with Havana. The Cubans are in fact installing a transmitter on the Canary Islands, but RUIZ, characteristically keeping his actions correct, has stressed to the Spanish that Cuba will not use the transmitter for other than legitimate commercial purposes. RUIZ even offered to allow Spanish citizens to operate the station in order to emphasize his point.

20. Correct as he generally is in his professional behavior, RUIZ made what appears to be a mistake in discussing with members of his staff the possibility of telling Havana that a Spanish foreign service officer scheduled for duty there (Juan TORROBA Gomez, cf. OSMA-25692) might be open for recruitment. If one recalls RUIZ' constant warnings that his office is bugged by Seguridad, the discussion about TORROBA clearly exposes him to action by the Spanish authorities.

21. RUIZ himself is the target of what appears to be control by Juan Antonio CURBELO Lemus (201-733544) who is allegedly the First Secretary in charge of cultural affairs but who seems to be the "security man" in the Embassy. (We note that CURBELO's photograph was shown to AMBEDEW-1, who did not recognize the likeness). RUIZ has complained at least once that he needs a "real" cultural attache. CURBELO has instructed the front-desk girl to pass on to him a summary of who sees whom at the Embassy and for what purpose, including RUIZ' visitors. (Given RUIZ' near-mania for running his own shop, CURBELO must indeed exert an acknowledged security control).

22. Despite security considerations, however, RUIZ appears addicted to taking automobile jaunts by himself to the interior of the country. He must have very powerful reasons to do so, for he is probably exposing himself to attack by Cuban exiles. Given the reception accorded to Carlos ALFARAS, Armando HART, and Carlos CHAIN at the Barajas airport in June 1968, RUIZ might be unnecessarily exposing himself. He has not told anyone of where he goes or what he does, and both his wife and CURBELO strongly disapprove of his custom.

#### FAMILY

23. RUIZ' wife is Nilda VECIANA, who was reported on in UFGA-19006. She is probably in her early thirties. She is pregnant and due to have her fifth (?) child early in May 1970. She has had difficulties with her pregnancy because of recurring

fainting spells and overweight. These conditions are being treated by Dr. HERNANDEZ (fnu) and Dr. MATA (fnu).

24. Nilda is a pleasant woman who has not been known to quarrel with her husband or express political or religious opinions, although once she recited the Lord's Prayer by heart in front of others. A teacher by profession, she handles the bookkeeping at the Embassy on an informal basis. She appears to have a rather weak character, judging from the way she handles her boys. According to Severina ORTIZ Gomez, the maid, these are little beasts who treat the servants badly, even reviling them with obscenities, while referring to their mother as "la chula." Nilda does not permit the boys to be punished.

25. Nilda goes shopping by herself, and once she even took a taxi by herself to the airport to meet her husband, even though CURBELO did not like the idea at all. She seems to get along well with the wives of other Cubans on the staff.

26. RUIZ' children are:

a. Guillermito. He is the oldest and is now studying in Havana. There were reports that he was unhappy there, and RUIZ asked on 16 October 1969 to go to Havana to settle a personal problem with Guillermito. If there were a problem, it seems to have been solved, because RUIZ on his return quoted Guillermito as being very happy in his new school. (Some time ago, Mrs. Hector GALLO Portieles was constantly needling the other women about not being "revolutionary" enough and took Nilda RUIZ to task for having her children with her instead of at school in Cuba. The RUIZ family had brought four of their children with them, and later the other(s) came to join them, before the older one returned to school. RUIZ once told a visitor that Guillermito had been left with his grandparents during their exile in Miami and had been very resentful of it, so they had been very careful ever since not to repeat that mistake).

b. Alejandro. He is about six years old. According to those who know him, he is the real devil of the lot as well as a good swimmer. He is taking guitar lessons, goes to Colegio Estilo, and swims at Gimnasio Mascardo, Pilar de Zaragoza 99. (Nilda has talked to the Gimnasio people about RUIZ' going there also for swimming or exercise).

c. Ivan.

d. Juan Carlos.

27. All four children are very spoiled and have caused several maids to leave their jobs. Severina bitterly complains that the children show no respect for their parents, and that is the reason Severina gives for her hate for Nilda.

#### EDUCATION AND CULTURE

28. Aside from the two-year statistics course taken in 1960, RUIZ appears to lack a solid, formal education, although he makes up for it by being an avid reader (five newspapers a day plus books). He understands and speaks English and French (fluency unknown) and has undertaken to teach grammar (presumably Spanish) to the Embassy staff.

29. RUIZ appears to be sensitive to art, and he frequently complains about the general lack of culture in Cuba. (This might indicate that RUIZ considers himself "above" the Revolution). He shows some of the general inconsistencies of the self-educated. For example, his vocabulary level is rather low, and he curses frequently when talking to other male members of the staff. On the other hand, he seems rather well versed in international affairs and has a good understanding of international trade. It is probable that he has read some of the works of José Martí and, although he dictates letters to his secretary, he types some of his own reports to Havana.

#### HEALTH PROBLEMS

30. RUIZ suffers from what his wife has described as a liver illness (not further specified) for which he takes a medicine called bilidis. (This may refer simply to the medical words for "liver disease". Competent experts here guess that the medicine is used for anything from chronic constipation to gassiness and constant eructation because of inadequate digestion of fatty foods. It is possible that RUIZ suffers from the hard-to-pin-down *mal de foie*, which can be found in a high-strung, hard-driving person. RUIZ' evident use of librium (see above) might also suggest this condition).

31. Late in 1969 RUIZ was planning to go to Portugal to rest, following the recommendation of his physician Dr. [redacted] received as [redacted], and whose telephone number appears to be [redacted]. There is also a mention of a Dr. PERIU, but his relationship is indistinct. RUIZ coughs frequently, is used to cold weather, and was planning to go for his health to the same Gimnasio as his son, Alejandro.

32. A July 1968 memorandum for the record stated that RUIZ suffers from a spinal ailment resulting from a fall he had about 12 years ago. Since then he has had chronic backaches which were particularly severe during the time that he was in the U.S., Haiti, and Santo Domingo. His pains have recurred since he arrived in Spain. On 3 June 1968 he had a severe attack and was

SECRET

SECRET

treated by the Embassy's Spanish doctor VILLALANDA (fnu), who prescribed cortisone. His condition was diagnosed as incurable, since it was doubted that the injury to his spine could be corrected by an operation. RUIZ was further told that the condition would continue to grow worse, and that within six to ten years he would have a defective walk. RUIZ planned to send the diagnosis and X-rays to ROA in Havana, who would pass them to the Cuban specialist MARTINEZ-PAZ for review.

#### TRAVELS

33. Following are the trips RUIZ is known to have made during the last quarter of 1969:

a. To Bilbao, San Sebastian, and Burgos by car, on 28 November 1969, returning two days later.

b. To Havana, to settle "a personal problem," on 20 October 1969 via Iberia (first class), returning to Madrid on 29 October.

c. To London on 14 November for consultations with Raul LEON Torres, returning two days later by air.

d. To Italy with his family on vacation on 28 December to pick up an Alfa Romero that he bought for the Embassy, returning by car and arriving in Madrid on 6 January 1970.

#### CONTACTS IN MADRID

34. Little is known about RUIZ' contacts in Madrid. Aside from the Algerian Ambassador (see above), we know about:

a. Pedro RUIZ. A good friend who goes to RUIZ' home frequently. According to RUIZ, Pedro is quite influential and is a friend of MASSO(?).

b. Carlos CARRASCO. Another person who calls RUIZ frequently. In late October or early November 1969 CARRASCO went to New York.

c. Rosendo CANTO (201-749310). CANTO lives at Goya 54, Madrid. His friendship with RUIZ is interesting, given CANTO's background, because their being together could be very dangerous for RUIZ unless he were using CANTO for some reason with the approval of Havana. CANTO wants to go to Havana for a year, live there for a year, and then join the Cuban Foreign Service. Referring to CANTO's desire, RUIZ said on 8 January 1970: "He is a fool!"

#### CHARACTER

35. Superficially, RUIZ seems to be an easy-going and rather simple man who no doubt enjoys the prestige and position he has and the successes he has had professionally in Spain. He appears to have a strong character and probably plays the predominant role in his marriage. He and his wife seem to get along very well

SECRET

together, and they are not heard to argue. On the other hand, there appear to be very deep inconsistencies in his public and private behavior. Sometimes he speaks like a man at war with himself.

36. A certain degree of racism can be detected in his constant reference to blacks as "niggers," a disrespectful Cuban colloquialism roughly comparable with the pejorative word, "nigger."

37. RUIZ almost never discusses women with his colleagues, except for one off moment when he mentioned a girl he knew in the United States before the Revolution. Perhaps RUIZ wisely remembers that Nilda also works at the Embassy and refrains from mentioning women on her account. In any case, he is not known to be involved in any extramarital affair. (Still, one wonders about the custom of absenting himself by automobile into the interior of Spain).

38. His habits seem to be simple: he likes movies; he has read Topaz (but made no comment thereon); and he receives people at his home for cocktails.

#### POLITICAL AND IDEOLOGICAL VIEWS

39. Although outwardly a "Revolutionary," RUIZ gives much more the appearance of a man with moderate political views struggling to justify to himself the actions of his government, especially in view of the political and economic realities of his country. It is possible that his feelings might lie closer to the theory of the "Betrayed revolution" ---but not for strictly ideological reasons. The incompetence of the Cuban governmental bureaucracy, for example, has sabotaged the revolution.

40. In the first place, RUIZ definitely does not seem to be a Marxist and consequently he cannot accept the role of "robot" (his term) required by Party discipline and vertical structure.

a. On 29 December 1969 he wrote to Telesforo DIAZ Portillo, a MINREX official: "Revolutionaries should not be coerced by forms of political control."

b. On 11 December 1969 he told a visiting Agropecuario official from Havana that: "... if I disagree with orders, I question them because I am not a robot nor do I have the mentality of one. As a human being I express opinions no matter what the risk that I may have to accept personally."

SECRET

c. RUIZ seems to have little compunction in talking to what he thinks of as old acquaintances, even though they may be on the opposite side of the political fence from him. He once mentioned how he went out of his way to greet a "gusano" on the street because they had been friends in Havana. The Cuban exile evidently turned away from him, but RUIZ defended his own action in initiating the greeting.

41. Aside from the constant criticism of Havana's incompetence, lack of vision, and lack of realism, he is quick to point out the deficiencies of life in Cuba as reflected in his directive to his Embassy staff not to celebrate Christmas together, because there are hungry people at home. RUIZ has also said that medicine in general is quite backward in Cuba.

42. Although he is probably an atheist (or likes to think of himself as one), he is known to believe that "religion should not be considered a handicap for persons trying to return to Cuba." He does not hide his views of the American people, either, for he describes Americans as "frank" and "simple". "They treated me very well," he told Raul LEON Torres in December 1969. On the other hand, he refers to Latin American diplomats as bootlickers because they use the English language at parties, and he has remarked that "capitalism is no good."

43. He seems to have a certain admiration for General Francisco FRANCO, of whom RUIZ has said: "FRANCO is the only reason that Spain is not Communist." RUIZ also called FRANCO "one of the few most brilliant politicians of all time." These seem like strange words for a man as security-conscious as he.

44. He appears to be well-informed on international matters. Some of his views are contradictory at times, but they characterize him as what might be called an undecided realist:

a. "Cuba is a political power, not a military or economic power."

b. "The USSR has neutralized US sea power in the Mediterranean."

c. "Cuba can destroy Guantanamo whenever it chooses to do so, although the base has lost its strategic value to the United States."

d. "US-China rapprochement should be feared, but also a Japan-China alliance."

e. "US power is beginning to crumble, but the Soviets are revisionists."

f. "The Egyptians harm us when they buy sugar from Cuba and then resell to other countries."

SECRET

SECRET

- 11 -

g. "We have to be on the side of the Soviets for two reasons: first from the military and economic point of view; secondly, because, whether right or wrong, they are on the same side fighting those who are on the other side."

h. "Cuba has had and now has major discrepancies with the USSR, China, and the US, but we are on the side of communism because we are against capitalism."

SUBJECT : Cuban Charge d'Affairs Comments on  
Czechoslovakian Situation  
REFERENCE : OSMA-25789, dated 7 January 1970

1. The following comments of the Cuban Minister to Spain, Guillermo RUIZ Perez, reflect Cuban thoughts on the Czechoslovakian situation:

The Soviet occupation of Czechoslovakia has been a disaster; however, criticizing the Soviet action would mean taking sides with the Americans. A friend may be criticized in private but publicly he should be defended. (QUDOZE, 19 November.) The Cubans have to side with the Soviets for military and economic reasons and because, whether right or wrong, they belong to the same ideological group. Cuba had and still has enormous discrepancies with the Soviet Union, China, and the United States but weighing the differences Cuba is with Communism and opposed to Capitalism. (QUDOZE, 3 November.)

Rain is talking with Garbalo and Franco about the new building. Apparently they are waiting for an O.M. from Havana. Rain seems concerned about the maintenance of the building, as it has six floors and a basement. Havana will have to send an electrician, who is also a plumber, and that understands something of carpentry. They will need three or four other people to act as doorman, watchman, etc. The wives of these men will be the chairwomen of the building. Garbalo says once that Havana approves the building they will have to sit down and talk over what difficulties having Spanish personnel might present. Rain doesn't want Spanish personnel under any circumstances. He speaks of having two dining rooms, one for the General Office and the other for the Embassy; more meals prepared outside will be served. The dining room will be completely isolated so that no visitor or invited guest will be able to place anything in the ceiling nor in the walls without being seen. They are going to install a closed circuit television so that all entries and exits will be controlled. Rain says that a Japanese type television of the kind they are discussing only costs something over \$500, and he adds that most likely there is one in the American embassy.

1. Of possible interest to addressees is a translation of the following letter dictated by Guillermo RUIZ Perez to his secretary on 26 December 1969. The letter was addressed to a comrade "OCUZA or LANUZA (fon)" in Havana in response to a confidential note received by RUIZ from Havana.

"In relation to your confidential note number 7240 about the Spanish prisoners, Joaquin AUVI Casals, Lazaro GARRIDO Sanchez and Antonio MARQUEZ Pedraza, whose release was requested in a note from the Spanish Embassy in Havana, I would like to tell you the following: Firstly, Senor Joaquin AUVI Casals was of interest to D. Pedro SALVADOR de Vicente; but because of the bad record and activities of this man, it was understood that his departure would be denied. I talked to Pedro SALVADOR about this matter and upon mentioning this man's background he told me that his interest was due to a phone call he had received from a friend of his in Miami. He considers that, given the background in this case, his friend was supposedly an instrument of "other interests". Secondly, regarding the other Spaniards, we have no objection whatsoever to their departing the country. Without anything of further consequence,....."

1. On 23 September 1969, the Cuban Minister to Spain, Guillermo Ruiz Perez, called on Pedro Salvador de Vicente, the Special Delegate for Latin American Affairs in the Spanish Ministry of Foreign Affairs, to discuss the forthcoming trade negotiations in Cuba. During the discussion Salvador told Ruiz that the one and only question which concerns the Spanish Government is that of Cuban indemnifications and pensions for Spanish employees, and he asked Ruiz what the latter could say regarding this problem. (Field Comment: The indemnifications refer to property owned by Spanish nationals which was confiscated by the Cuban Government.) Ruiz claimed that he had no instructions on what he could say, adding that the claims were numerous and that the paperwork involved was difficult and required a great deal of time.

2. Salvador told Ruiz that the subject of indemnifications and pensions must be discussed during the forthcoming negotiations, and that the Cuban Government must provide at least an approximate figure of what it is going to pay. He said that the indemnification figure must be based on the value of the expropriated properties, less the amount of any taxes levied on the properties. (Source Comment: Salvador did not say what would happen if the Cuban Government failed to reach some agreement on the question but he implied that negotiations would be delayed until the Spanish Foreign Ministry received the Cuban Government's reply to this question.) (Field Comment: Since the conversation between Salvador and Ruiz was held before the recent change of the Spanish Cabinet and other Government positions, there is no

information on how these changes would affect the question raised by Salvador on the signing of a new trade agreement with Cuba. As of 17 November 1969, Salvador was still Special Delegate for Latin American Affairs.)

3. (Field Comment: Until recently, the indemnifications and pensions problem had not emerged as a serious factor in the negotiations for a new trade agreement. There has been a gradual deterioration of Spanish-Cuban commercial relations since the conclusion in May of preparatory negotiations for a new agreement, but this deterioration ostensibly was the result of a Spanish Government decision to reduce Cuban sugar imports over the next three years. The Cuban Government apparently had not considered such decision in its analysis of Cuban-Spanish commercial relations, and it was quite upset when the decision was revealed during the preparatory negotiations. Some of the problems causing the strain in Spanish-Cuban relations were previously reported in TDCSDB-315/2470-69, TDCSDB-315/02182-69, TDCSDB-315/03509-69, CS-311/08659-69 and CSDB-312/02600-69.)

Report No. 2274

N.T.

One 'Miss' CONCHITA calls asking for RUIZ. NILDA says she is his secretary and CONCHITA may leave the message with her. C and R have not seen each other for two years and C would like to surprise him. NILDA asks for her last name; C does not give it to her because it would then fail to be a surprise, but leaves her telephone number (201-49-89) for R to call her after 8, for she works until that time. On NILDA's insistence C gives her last name as CAMACHO, adding she is the widow of the doctor who was director of the Coimbra Hospital.

RUIZ calls Mrs. CAMACHO at 201-49 89. She begins the conversation by saying they had met at a party which she had attended with her husband at the Dominican Embassy in Madrid. She reminds him that they had talked with the Paraguayan Ambassador and former Dominican Ambassador Rafael COMPRES, and that the party had taken place two years ago. Despite all the details RUIZ insists he does not remember her and asks how he can be of service to her. She tells him "I have just arrived and find myself somewhat isolated, disoriented, and I must find work. I recall you telling me on that occasion 'If you should ever have any problem and you come to Madrid, look me up.' One other ambassador also offered me his assistance and I have tried to

locate both of you." Mrs. C mentions having a daughter, that her husband was a pilot and that she is a Spaniard, adding she is not too old. R replies that in all honesty he does not remember her. She insists on seeing him to have a chat, and R suggests she come to his office at her convenience. She prefers talking with him alone, without his secretary or anyone else present, and suggests a bar at some hotel like the Palace, Ritz or Hilton. He is agreeable to any place she may desire; they agree to meet that night at 9:30 in the lobby of the Hilton Hotel. She will be dressed all in black.

RUIZ calls FERNANDO. F is to meet R outside the latter's home about 9 o'clock dressed in coat and tie.

Comments of AMAUTO-1 on Current Topics of Interest

ACTION REQUIRED - REFERENCES

The following comments of AMAUTO-1 reflect Cuban thoughts on the Czechoslovakian situation, internal Spanish politics, and the effects of recent changes in the Spanish Government on the impending trade negotiations between Spain and Cuba.

a. The Soviet occupation of Czechoslovakia has been a disaster; however, criticizing the Soviet action would mean taking sides with the Americans. A friend may be criticized in private but publicly he should be defended. (QUDOZE, 19 November.) The Cubans have to side with the Soviets for military and economic reasons and because, whether right or wrong, they belong to the same ideological camp. Cuba had and still has enormous discrepancies with the Soviet Union, China, and the United States but weighing the differences Cuba is with Communism as opposed to Capitalism. (QUDOZE, 3 November.)

b. AMAUTO-1 was asked by his government to report on the new Spanish Government which Havana calls "Opus Dei". To a visiting Cuban official he admitted that he was at a loss to understand Spanish politics but attempted to define them. It is not true that the Spanish Government is in the hands of the Opus Dei. There are some men in the government who lean toward the Opus Dei but there are others of a very different leaning because they come from the Falangist ranks. These men (the Falangists) may go along with the Opus Dei line because they allow themselves to be "carried by the tide" but they are not of the Opus Dei. (QUDOZE, 19 November.)

c. Concerning the impending trade negotiations with Spain, in addition to the economic problem the Cubans are now faced with another impediment which further delays the negotiations: the recent changes in the Spanish government. It is difficult at this time for the Cubans to approach any Spanish official because of the climate of confusion among them. Most Spanish officials have no idea as to whether they will remain in their posts or will be replaced. Therefore, it is futile for the Cubans to press them for action on the negotiations. The most they can do is wait patiently until the situation is normalized. If the negotiations are not held within the 30-day expiration period of the agreement, it is possible that the present agreement can be extended for two months. This would be advantageous to the Cubans because during the first two months of the year they will be able to acquire all the goods they will need for 1970. (QUDOZE, 19 November).

1. Please cancel all clearances mentioned in Reference. Since AMAUTO-2's separation from AMAUTO-1's household and her immigration to the United States with her husband, AMAUTO-5, we no longer have an operational interest in her. As you know, AMAUTO-3 was used solely as an intermediary for a warm approach to AMAUTO-2. This was accomplished, and we have had no further contact with her. No Station contact was ever made with AMAUTO-4.

2. After the departure of AMAUTO-2 from AMAUTO-1's household, the Station soon learned of her replacement and this information was passed to the QUSEQUIN's. It was decided that the QUSEQUINs would attempt to recruit the new domestic, but for unknown reasons, contact was never made. We believe that there is a new domestic now working in the AMAUTO-1 household, but we have no details on her.

SUBJECT TYPIC/QUDOZE/Juan TORROBA Gomez, Spanish Minister to Cuba

ACTION REQUIRED: REFERENCE

On 10 October 1969, Guillermo RUIZ Perez, Cuban Charge in Madrid dictated a letter to the Cuban Foreign Office setting forth his impressions of Juan TORROBA Gomez. These impressions by RUIZ can be interpreted as the preparation of a target study on TORROBA. The following is a verbatim text and translation:

El analisis que se realiza sobre las actividades desarrolladas por el Senor Juan Torroba y su -----, la falta de interes y comprension de parte de ----- nos da un conocimiento directo sobre las actividades de la Embajada de Espana en esa que nos puede ser muy util en nuestras relaciones. Antes de su llegada hemos tratado de ahondar en la personalidad del Senor Torroba y aparte de confirmar la buena opinion que los espanoles tienen sobre su persona, hemos conocido tambien que es hombre debil de caracter y que en esa medida pueda ser influenciado a pesar de su ----- personalidad (o capacidad). El cargo que desempeña de sub-Director de Asuntos Consulares es en realidad un cargo de asesor en materias consulares pero sin mando. Es acertado la tesis de ayudarlo en su trabajo y aun llegar al extremo de que algun funcionario como el intimide con el de forma tal que esa debilidad de caracter y propension a la influencia ajena pueda servirnos a nuestros propositos. Es indudable que un ataque al Senor Torroba en el sentido de hacer deficit su tarea traeria como consecuencia inmediata una mayor influencia de aquellos que sin lugar a dudas estan interesados en que se convierta en ----- Por otra parte no consideramos posible que aun en el caso de que su trabajo no sea el mejor pueda hacerse una substitution de otro funcionario que -----.

TRANSLATION:

The study being made of the activities of Mr. Juan Torroba and his (word indistinct), the lack of understanding and interest on the part of (word indistinct), give us a direct insight into the activities of the Spanish Embassy there (in Cuba) which could be very useful to us in our relations (with the Spaniards). Before his arrival (in Havana) we tried to probe into the personality of Mr. Torroba and, in addition to confirming the good opinion that Spaniards have of him, we learned that he is weak in character and that from this angle he could be influenced despite his (word indistinct) personality. The position he held as Deputy Director of Consular Affairs (in the Spanish Foreign Ministry) was actually that of advisor on consular matters but he exercised no authority. The idea of helping him in his work is apt and could be carried to the point where some officer like himself (of similar category) could intimidate him in such a way that his weakness of character and susceptibility to outside influence would serve our purposes. There is no doubt that an attack against Sr. Torroba in the way of making his task more difficult would bring as an immediate result a greater influence on the part of those who are interested in having him become a (word indistinct). On the other hand we do not consider it possible even in the event that his work should not prove to be the best, that another officer could be substituted that (word or words indistinct).

In order to resolve the question of handling from this Embassy the departure of the (word indistinct), please clarify the reason why there has been a misinterpretation. Everything to the problems of Spain and Cuba through this Embassy will, of course, redound to our benefit. A clear case is the application for departure of (word indistinct) and his statement that perhaps (word or words indistinct) since the Embassy in Cuba... 2. Tello was quite active in the San Francisco area. Among his official interests were the sponsoring of a Chilean or pro-Chilean youth group, and an attempt to organize a group of businessmen able to finance commercial ventures in Chile. Integral parts of his plans were the Alliance for Progress funding and the recent California-Chile commercial and cultural programs. Ventures were to include the construction of several hundred thousand dwellings in Chile, a commercial fishing venture, to be based at Iquique, establishment of a fish meal plant also at Iquique, and the acquisition of a huge ranch or finca near Puntarenas in Costa Rica. The latter project, however, seemed more personally Tello's, whereas he was to be but one of several other investors in the others.

3.

Tello claimed intimacy with Salvador Allende and made it clear that "when", not "if", Allende was elected president, Tello was to be extremely influential in the new hierarchy. Incidentally, he also stated

emphatically that if by any remote chance Allende were not to win, there would be a revolution in Chile by November 1964. Tello claimed also that he had visited several times with Raúl Castro, and had met Fidel, all within the past year or so. He insisted that the US would recognize Cuba before the end of 1964. Tello said also that he was on good terms with important people in both the Soviet and Chinese Communist governments, and that both nations were anxious to have him as Chile's ambassador, but that he was not especially anxious to go. Another reference to Communist China was the possibility that Chile might have some small cargo ships built there.

4. Tello's pro-Communist and anti-American feelings were shared with his daughter, Carmen, who claimed to have been a youth group leader in the University of Chile. Another daughter, Patricia, I believe her name is, was said to be even more intensely anti-US. Either she or her husband is connected with a Latin American organization, possibly the OAS or Pan-American Union. Another daughter is married to the director of personnel in the Fertica plant in Costa Rica.
5. At times, it was clear that Tello's avarice transcended his concern for the poor. Once when another American suggested that the building of the houses in Chile would give employment to many more Chileans if they avoided use of pre-fab units and pre-cut timbers, etc, Tello was not interested. He wanted to get in, get as much as possible, and get out as soon as possible. At times he referred to plans to live in Europe after he had made a few financial killings.
6. I have details on only one Chilean proposal, this a fish meal operation known as Cachagua. It was formed within the past year with an authorized capital of E850 thousand [approximately US\$57,500], about half of which was paid in. The prime investors were said to be Horst Enrique Eggemann, Emilio Lannon Martinez, Gaston Pascal Leon, Cristian Casanova Subercaseaux, and Gonzalo Subercaseaux Canartu. Its main office is in Santiago; its plant in Iquique. Somewhere behind the scenes was Tello.
7. Somehow, in a manner I do not pretend to understand, Tello really wanted an American "front-man" in order to withdraw earnings in excess of what the law permitted. His planning for an American's participation included marriage to his oldest daughter, Carmen, who was later involved in a shooting incident in San Francisco in June 1964, shortly after the departure of her father to his new post in San José, Costa Rica, where he is now Charge d'Affaires.
8. In Costa Rica, Tello seems to have considerable influence also. One of his schemes there is the acquisition of a huge ranch in the Puntarenas area. The property, now self-supporting, lies between the Pan American highway and the Gulf of Nicoya. He plans to develop it both for commercial and residential purposes with the operation of a gambling sanctuary in the to-be-established resort section.
9. Tello's successor as Chile's consular representative in San Francisco is Hector Burr. He appears to have the same anti-US bias as Tello. At the time of the supposedly self-inflicted gun shot wound of Tello's daughter, Carmen, Burr said, "This is an international incident. My government will demand an apology from the United States." It was our guess by this time that Burr was interested only in creating anti-US ill will in Chile so as to enhance the election possibilities of Allende.

CHILE  
Sept. 14, 1955

The Subsecretary for Diplomatic Affairs of the Colombian Foreign Office, Dr. Ricardo Araya, informed an Embassy officer on Sept. 12 that the La Republica article was accurate only insofar as it reported that Ambassador Vargas had returned to Chile. Dr. Araya said that as far as he was aware Ambassador Vargas had gone to Santiago to make final arrangements for the visit to Chile of the Colombian War College, scheduled for September 14 to 29. The Chilean Embassy states that the Ambassador returned to Santiago accompanied only by his wife. First Secretary Sr. Manuel Tello Troacoco is Charge d'Affaires ad interim.

Report No. 1979 (continued)  
 Date: 17

7 October 1968

HUGO PAZ A GARCIA is visiting the Ministry of  
 Foreign Commerce, Tel-70-05-50. Guillermo RUIZ wants to

take to Raul LEON. Ruiz says, "We had the meeting, that  
 I told you about, today. There was no time to cancel it  
 as your cable didn't arrive on time. Consequently I had  
 to attend. Because I had no concrete instructions, I was  
 limited to listening to their good wishes and to try to  
 arrive at an understanding between us. The Marquis  
 that conducted the meeting was very pleasant and concilia-  
 tory. When they started to talk figures, I avoided the  
 issue. Then I said that this meeting would be nothing  
 more than to make contact between us and that at the moment  
 there was nothing more I could do. We agreed to hold  
 another meeting on 17 October, at which time they would  
 like to hear our ideas. I promised nothing, but that I  
 would confirm the meeting by telephone. He (the Marquis?)  
 said that this would give no time to discuss it.  
 Leon says "Did they say anything about the OLGA affair?"  
 Ruiz says "No, just ideas on other things, but they in  
 no way mentioned the OLGA affair." Raul says "Just ideas in  
 general". Ruiz says, "Just commercial ideas. They wanted  
 to hear the Cuban ideas". Ruiz wants Leon to send him  
 instructions for the next meeting. He wants to know if

RUIZ CALLS TERCEIRO AT IBERPLAN (phon).

They greet one another very cordially, and Ruiz thanks him for sending the list. Terceiro asks how things were in Havana. Ruiz says fine in every sense, and adds "they are in the ten million ton harvest, now more than ever, as we are hitting the 'cyclamates' where it hurts". Terceiro asks "if you people paid for the campaign or not?" Ruiz says no, that luckily it was the American Department of Agriculture. He adds, "We have calculated that it will leave us, free, approximately one million tons of sugar. The price of sugar has reacted very well, and now a Sugar Conference is to be held in Geneva. You know we are going to get out propaganda now that will state "Only Cuban sugar does not cause cancer". Terceiro laughs, and says "some other problem yes, but not cancer." Ruiz says that the campaign has come at a perfect time for them because they have been struggling for years with the [Illegible; artificial sweeteners?], especially in Japan, as they represent approximately one-half million tons. Japan was the country that used it most.

Terceiro says that he has begun to study the famous issue of the Chamber of Commerce. RAMON greets Ruiz and says that he would like to take a book to him and also to talk to him about a personal matter. It is in reference to a recommendation made by Ramon's father for some people in Cuba that are interested in going to Spain. Ramon continues, and says

that he is going to Mexico and Venezuela in December and if he can combine it he would like to go to Cuba also. He says, "It will be the moment for IBERPLAN to become familiar with Cuban reality once and for all". Ruiz says he can see him next week.

Item #5

A PERSON (MALR CALLS and asks for "contact". Nilda says she does not understand his language. The man asks that if it is the Cuban Embassy, to please put him in "contact". Nilda says--4252. Ruiz talks to the man and says "Look, don't be a fool nor so idiotic we have grown up; we now have ten years of revolution, and we are not likely to fall into the kind of provocation that you are trying to do. You can tell that to whoever gives you orders or whoever is recording this conversation." The man asks Ruiz who he wants him to tell that to. Ruiz answers "Don't bother me any more. Tell it to the CIA or whoever gives you order, because probably it is the CIA or some other person. The one that gives you orders. Moreover, if you are tapeing this, so am I. I was waiting for your call. You just called a few minutes ago, so don't be an idiot." The man then says, "You think that the CIA gives me orders". Ruiz answers, "Most likely it is the CIA that gives you orders as the only enemy that Cuba has is the CIA, the Central Intelligence Agency, don't

be a fool." The man says, "You are very intelligent", and Ruiz answers, "It is not a question of intelligence. It is simply that in ten years we have learned something." The man then says, "Ten years, eh", and Ruiz answers "Ten years of revolution, ten years with guns in our hands." Then the man says, "In this moment do you have a gun in your hand." Ruiz answers, "Yes, we have a gun in our hands. We are always waiting for the CIA; morning, noon, and night, always with guns in our hands." The man: "If you think I am under orders of the CIA you are a little silly." Ruiz answers "Look, I don't want to continue this conversation. You are a fool. I, too, am playing the part of a fool, because the telephone in my embassy is completely intercepted, I imagine. Everyone is listening to us, so you are an idiot, and I am silly to talk to you. Therefore, goodbye sir, and please don't bother me again." Ruiz hangs up.

1. The AMEDITS have just completed the QUDOZE transcripts for the period 19 September - 13 October 1969. This was the second group of transcripts forwarded the AMEDITS for translation, per our trial period as mentioned in reference A, in order to make them more fully useful to different components at Headquarters. The take from the QUDOZE operation appears very interesting. We noted with interest that AMAUTO-1 discusses freely with his subordinates and privileged visitors subjects of a confidential nature, including matters that have to do with intelligence activities. Some of the discussions offer a number of operational leads which we can follow-up, such as the medical information given on 22 September 1969 in the morning hours.

2. The AMEDITS have suggested that as an aid to help them translate accurately and possibly more rapidly, they would appreciate receiving some original tapes in addition to the transcripts on a trial basis. Then when parts of the transcripts are not understandable to the translator he would have readily available reference for replay.

3. With the next transmittal of the next QUDOZE material, we would appreciate receiving both the transcripts prepared by the station and the actual tapes covering the same period of time. The complete package can then be forwarded to the AMEDITS for their use as mentioned above.

They had told him that someone was waiting to see him, and now a girl comes in: RUIZ was expecting her. He greets her. She is a correspondent of Siempre, the Mexican magazine, and Ruiz has arranged an interview for her with Mrs. DÍAZ or RAMÍREZ (no). This girl asks if she is telling him that she was going to Cuba. No, replies Ruiz, all she did was to send her "background". He asks her if she is carrying her magazine's credentials. She always does, she says.

Ruiz tells her what she must talk about at the interview, about politics in Spain and its relations with the United States. She must have her questions prepared beforehand, and even the possible replies. She must enter them carefully as if they were unimportant, but with a socialist sense.

Ruiz explains to this girl that what is of interest is Spain, the superstructure, the railroads, the banks, the national organizations, but not the fundamental things, yet well tied up, all the way to the bone. He says that people here are soccer fans, but later you can ask, "What do you think about a socialist regime in Spain?" The thing is to stop people in the street, one at a time.

You must take into account that Pazo is considered one of the most brilliant politicians of all times. He is sagacious, intelligent. If communism had triumphed here it would have been the first communist country in the world, and yet neither communism nor socialism has anything to do here while Franco is in.

The girl came from Czechoslovakia, and she talks about that country and of Poland, where she has not been, but they have told her a lot about it. She depicts life in Czechoslovakia as extremely sad. She had been there in 1963. She comments that what they did last year in Czechoslovakia was to set the country back tremendously, because that was the first time that people had taken an interest in national affairs. Society was so rotten that people rebelled, but the invasion caused such a great shock that people sunk into a state of apathy from which they are not coming out. They are heading for a crisis that not even the Soviets will be able to stand. People have no interest in their work. Machinery is far behind. The scale of wages is disastrous. The only people that make money are the physicians and the nurses, who charge for a visit the equivalent of a worker's monthly salary. Besides there is tremendous corruption. And so the wage scale, the old machinery, and the corruption make life unbearable. It must be taken into account that they crushed 200,000 persons and that 35,000 Party members are in jail under suspicion. Before, people stood in line to join the Party; now they tear up their Party cards in the street. Disillusionment is enormous. Marxism as con-

ceived by Lenin or Marx is no longer applicable: it must be brought up to date and placed in the current scale of technological evolution and world production. No one in Czechoslovakia wants to go to the USSR. Everybody, especially the students, wants to leave for Austria or Germany. The black market is up to date. The definition is very sad.

Fidel's latest speech, published by Prensa Latina, was distributed through the Embassy, but they got hold of the copies and destroyed them. They say that leftist publications raise whatever they want or whatever interests them, and Fidel's speech was of no interest to them, since they did not analyze it thoroughly.

She says that there is a latent revolutionary sentiment throughout Europe. At the Sorbonne there are some powerful centers where they compare the performance of the Chinese and Asiatic outbreaks more than they do the Soviet ones.

This correspondent says that when she gets to Cuba she is going to visit FIDEL, because there is a trend of distrust of Cubans throughout Europe, because they think that they receive information only through one channel.

Upon hearing these somewhat anti-Soviet remarks on the part of the correspondent, Ruiz interrupts her and says they have to be on the side of the Soviets for two reasons: first from the military and economic point of view, and also because right or wrong they are on the same side of the fence and must fight against those on the other side. Cuba has had, and still has, great discrepancies with Russia, China, and the United States. In the face of all these discrepancies we are on the side of communism because we are against capitalism.

Ruiz says that in order to find out if you are a communist you must ask yourself if you agree with distribution of wealth and land; equitable distribution of production, respect for man, nationalization of industry. This is what counts.

At the end this girl says that the only truth is that unfortunately we Cubans cannot live in peace in any socialist country. Men like FIDEL and CML, in a country of seven million people, going against the whole world all by themselves. You should see the treatment Fidel gets from the intellectual magazines in the USSR, Czechoslovakia, and Poland.

Ruiz calls WILDA and tells her that this woman comrade is going to interview Mrs. TAMAKES or TAMAYO (ph) and asks WILDA what her personal opinion is about [the lady]. She says she has only seen her three or four times, and [asks] in what sense he means. Ruiz says that this woman comrade is from the

00000  
Mexican magazine, Siempre. Nilda tells him that this lady is very beautiful and fickle. She is from Havana. The correspondent wants to know what opinion they have of her husband. They say he is "un poco loco" scowling of a fly.

Then this correspondent wants to know the address of either a Mexican or the Mexican consulate. Ruiz says that if it is to exchange her Madrid-Mexico ticket for a Madrid-Cuba one, go by Puercarral 45, and ANCOBO, a Spaniard, or PACHECO, a Cuban, will make the change for her. It seems she wants to leave on Monday. She wants them to take care of her Mexican visa because she says that if she goes it will not be timely, after what happened with Humberto CARRILLO. She says that OLIVARES is now in charge. She is going to Cuba now and will go to Mexico in 15 days.

Nilda comes in and gives her the home telephone number of the lady she is going to interview: 226-86-96.

They told him that she was waiting for him, and now she is in. RUIZ was expecting her. He goes to her. She is a correspondent of Stampa, the Mexican magazine, and Ruiz is arranged on interview for her with Mrs. TOLDO or TAMARIT (p.). This girl asks if he told him that she was going to Cuba. 4. As a recruitment target, however, AMAUTO-1 seems to present serious difficulties. He is strong-minded, opinionated, idealistic, and apparently committed to the revolution. On the other hand, there are certain things about him which could be converted into recruitment vulnerabilities. First among these is his apparent belief that the regime (read: The Revolution) is not making the best use of his talents. One cannot tell precisely whether this is the cause or result of his apparent basic emotional instability. During public appearances he displays polished manners and a pro-regime attitude; in private he frequently complains to his subordinates that he did not ask for a diplomatic position, that he would prefer an industrial job, and that he believes his position to be more a handicap than a promotion. Secondly, he obviously desires personal prestige and luxurious living. While these traits do not mean so much in the case of a Cuban as compared to a Soviet or Chinese, hardships and economic mismanagement in Cuba do in fact create a contrast with his basic impulses. Thirdly, his spinal ailment has been diagnosed as incurable. While this may be true, he should realize that further examination by other medical men (while on a training mission in VOLADY, perhaps) could help him considerably. There may even be other vulnerabilities which further target study could expose.

5. We present these thoughts at the same time that we are fully aware of other operational pressures on [redacted] time and assets. Nevertheless, we would appreciate the Station's comments on further development of AMAUTO-1 as an in-place recruitment target. The first need would be the proper access agent, someone with a Jesuit-like intellectual training who can deal with him in the realm of concepts and philosophy as required. In any case, we would like continued target reporting on AMAUTO-1, as your time permits.

| <p>1. On 23 September 1969 AMAUTO-1 called an unidentified Spanish woman who resided in Cuba for many years before re-<br/>turning to Spain. AMAUTO-1 noted that he visited the Spanish<br/>woman's cousin, identified as Esther CORRIPIO, while he vacationed<br/>in PBRUMEN and found everyone in good health. The unidentified<br/>Spanish woman asked AMAUTO-1 if there was much food available<br/>and the following dialogue began:</p> <p>AMAUTO-1: Yes, everything is being resolved.<br/>But imagine to be free, one must pay<br/>a high price and the price must be<br/>paid. There is no other way.</p> <p>WOMAN: What one wants, one must pay.</p> <p>AMAUTO-1: It is very logical, but look, when one<br/>is a servant to the rich, the servant<br/>usually lives relatively well, but the<br/>servant continues as a servant. However,<br/>when one no longer wants to be a servant<br/>to the rich, one has to begin saving and<br/>the only way there is for the poor to<br/>save is to reduce (the intake) of essential<br/>foods, change the essential and begin<br/>to buy machines and to buy a series of<br/>things (cuestiones) and one day, we will<br/>become rich together. We can say we are<br/>rich when we have resolved all the problems,<br/>not only material problems, but spiritual,<br/>cultural, that is, when everyone can do<br/>and believe as he likes.</p> <p>Distribution:<br/>2 - C/WH<br/>2 - C/EUR<br/>2 - COS, WH/Miami</p> <p>....continued</p> <p>CS COPY</p> |  |                                 |   |

On 29 October QUTINID reported a conversation between Guillermo RUIZ Perez, the Cuban Minister to Spain, and Manuel TELLO Troncoso, identified in the Diplomatic List as Counsellor of Embassy, regarding the postponement until 31 October of a meeting they were to have on 29 October. We have no information on the purpose of the meeting. We note that TELLO arrived in Spain in January 1969.
